NOTES TO THE BANK STATEMENT.

Return of Canadian Bank of Commerce. Amount under heading "Other assets not included under foregoing heads," contains bullion purchased at Dawson City and also $162,000 deposit with the Receiver General re Bank of British Columbia Note Circulation. No. 8 Assets consists of balances due by other banks only.

Return of Bank of British North America. Amount under heading "Other assets not included under foregoing heads," contains bullion purchased at Dawson City. The figures for the Atlin and Dawson City Branches are taken from the last returns received, viz.: Atlin, 16th Feb and Dawson City 2nd Feb.

astern Townships Bank bonus of one per cent. equal in all to a dividend of 8 per cent. per annum.

Molsons Bank bonus of one per cent. equal in all to a dividend of 9 per cent. per annum.

The disturbance in Capital and Reserve is principally owing to the absorption of the Bank of British Columbia by the Canadian Bank of Commerce. The name of the former has been struck from the list.

—"Inherited wealth," exclaimed the blasé young man, with a dreary yawn, "is a curse!"

"Then why don't you try to get rid of it?" asked the youth who hadn't inherited any wealth.

"I am doing the best I can," rejoined the other. "I keep a yacht, run an automobile, belong to a swell golf club, and lend you money."—Chicago Tribune.

—An important oversea extension of the business of the great Newcastle firm of engineers and ship-builders, Sir W. G. Armstrong, Whitworth & Co., Limited, is probable. The feasibility of establishing a branch of the shipbuilding department in Canada is, it is stated, under consideration. Subsidies, it may be noted, are offered by the Dominion Government to any firm that will establish a shipyard capable of building large steel vessels.—Glasgow Herald, 2nd September.

—A summary of the orders noted by the "Railroad Gazette," for railway locomotives and cars in June and July shows 4,024 cars and 43 locomotives ordered in June, 1900, against 10,118 cars and 297 locomotives in June, 1901. For July, 1900, the figures are 6,070 cars and 40 locomotives, against 8,339 cars and 85 locomotives ordered in July, 1901. The totals for the first seven months indicate that about 70 per cent. more locomotives have been ordered so far this year than were ordered in the same period of 1900, and about 80 per cent. more cars.

KINGSTON pilots are having considerable discussion as to the 14-ft. channel in the St. Lawrence, and their respective abilities in taking vessels up and down. Outside the personal matters brought into correspondence by the pilots, the important fact is brought out by officers of the "Northwestern" and "Northman," on the Chicago-European line, that neither of these boats touched bottom while going through St. Lawrence, and that the passage from Chicago to Montreal is perfectly safe and practicable for vessels drawing 14 feet of water. The "Northwestern" went aground owing to a dredge and barge blocking the channel, and not because of insufficient depth of water.—Marine Record.

MONTREAL MARKETS.

Montreal, Sept. 25th, 1901.

Ashes.—Both pot and pearl ashes are very dull of sale. A few transactions in seconds pots are reported at $3.80 to $3.85; first quality pots are quoted at $4.25 to $4.30, and pearls nominal at $6.50 to $6.75.

Hides.—Owing mainly to more active competition between buyers, beef hides are advanced half a cent, making the present quotation 8c. for No. 1. Lambskins remain at 40 cents, and calfskins at 9 and 7c. for Nos. 1 and 2, respectively, but receipts of these are now very small.

Cements and Firebricks.—Firebricks are slow of movement, but in cements there is a good jobbing business being done in car lots and less, at steady prices. For
