They HelpEach other. Grocers and general store-
keepers will find a profitable adjunct to
their business in a line of our celebrated
cigars. Once get a customer into the way
of dropping in for a good cigar and you'll
be surprised at the result. He comes in
to buy only groceries and one of our frag-
rant LA CADENAS may catch his eye. He
comes in for one of those satisfactory LA
FLORAS to smoke on his way to the office
and some new arrival in groceries tempts
him into a purchase. See how it works?
Profit both ways.He may make a selection from other
and less expensive brands such asEL PADRE

session for an Act of incorporation to build a
canal from Burrard inland near Port Moody,
B.C., to Pitt River.It is easy to save, if people only go the right
way about it. You spend at least ten cents a
day on unconsidered and unnecessary trifles.
That is \$36 a year. Not much to save, truly,
in an ordinary bank, but invested in a life
assurance policy it becomes a protection against
poverty for one's family.The president of the Port Elgin Brush Co.
writes us that our announcement that "they
(the directors) had decided to liquidate," is
likely to do harm, and that when a meeting of
shareholders so decide "it will be time enough
to advertise it." Our experience with joint
stock companies is that their directors usually
endeavor to carry out the wishes of the share-
holders, and when they decide upon a certain
course it is reasonable to expect that it will be
carried out, hence the paragraph complained
about.Those Torontonians who were unable to
attend the World's Fair cannot get an idea of
it in a better way than by attending the illus-
trated lecture to be given by Mr. Adam Brown
of Hamilton, on Tuesday evening next, in
Association Hall. And many who were at the
Fair and could not get enough of it will want
to go to this lecture. Mr. Brown was one of
the British judges, and spent months in Chi-
cago, learning much about the administration
of that wonderful show which a transient vis-
itor could not know. He is a good speaker,
too, and the lime light illustrations will assist
the object-lesson.We are showing this month a
