About \$60,000 will be spent on street and lane openings. The balance of the amount was divided up among the seven wards of the city.

Of these amounts, practically 75,000 square yards of paving were laid last year, 4.32 miles of permanent street railway tracks, 12 miles of concrete walks, 25 miles of plank walks, 5 miles of new grading and 9 miles of boulevarding.

SUMMER PARADISE IN "THE HIGHLANDS OF ONTARIO."

Two new illustrated folders have just been issued by the Grand Trunk Railway System for the guidance of those planning spring and summer vacations. One of these deals with the Algonquin Provincial Park, the magnificent region set aside by the Ontario Government as a playground for the people; a region of lake and woodland, of splendid fishing, which has no equal in the Eastern of the American continent. It is here that the railway has built its series of Log Cabin Camp hotels.

The other folder is descriptive of the Lake of Bays, another of Ontario's beauty spots, reached through Huntsville, and affording every variety of scenery and sport.

A postal card to Mr. M. O. Dafoe, Grand Trunk Ticket Office, 122 St. James St., will secure free copies.
