

- Exchange/evaluation of reports
- Monitoring of alert systems including handling of recalls
- Joint audits of manufacturers to determine equivalency of audit methods
- Exchange of evaluators/auditors or organization of joint workshops (optional)

C. DECISION MAKING ON THE SUCCESS OF THE INTER-COMPARISON STUDY

- Evaluation of results
- Action to take, development of options and solutions to address issues
- Determination of competent Conformity Assessment Bodies that meet evaluation criteria
- Establishment of the conditions and mechanisms for on-going maintenance of the MRA (develop quality management system, audit mechanism and a consultation/on-going dialogue process)
