Resolutions to be reported.

Report to be received,—and Committee to sit again, *at the next sitting of The House.*

A Message was received from the Senate, with the following Bill No. 144 of their own, intituled: "An Act to amend an Act of the present Session respecting booms and other works constructed in navigable waters, whether under the authority of Provincial Acts, or otherwise," to which the concurrence of this House, was desired.

On motion of Sir *Hector Langevin*, the said Bill was read the first and a second time, considered in Committee of the Whole, reported, read a third time, and passed.

The amendments made by the Senate to the Bill No. 101 further to amend *The Fisheries Act*, were taken into consideration.

On motion of Mr. *Bowell*, the 2nd and 3rd of the said amendments were concurred in, and the first of the said amendments was disagreed to, for the reason that the taking out of *Licenses* is not compulsory on riparians, or special grantees of the *French Crown*, whose interests would be protected under the *Fishery Laws*, as holders of such *Licenses*;—and a Message was ordered to be sent to the Senate to acquaint their Honours therewith.

The House then adjourned at 1.55 A.M.

GEORGE A. KIRKPATRICK,
Speaker.
