

THE
JOURNAL OF PARASITOLOGY

A Quarterly Devoted to Medical Zoology

The JOURNAL OF PARASITOLOGY, published quarterly, is a medium for the prompt appearance of briefer papers and notes on Animal Parasites whether Protozoa, Vermes, or Arthropoda, concise technical notes of interest to parasitologists, and brief reviews of monographs and books. It is controlled and published by an Editorial Board of scientific men in the interest of the field of medical zoology. The latest studies on diseases caused by animal parasites are given to our readers. A unique and valuable item is the list of brief references to all new species of human parasites, printed immediately upon the appearance of the original papers.

The JOURNAL asks the support and cooperation of all interested in the field of Parasitology. Appropriate manuscripts and helpful suggestions will be welcomed by the Editorial Board.

Subscription price, \$3.00 a Volume; Canada, \$3.15; Foreign, \$3.25. Single numbers are not for sale.

The edition of Volume I, No. 1, is exhausted but Nos. 2, 3 and 4 will be sold as long as the supply lasts for \$1.00 each. Volumes II to VII, inclusive, \$3.00 each.

All business communications should be addressed to
