

Mr. J.W. Beaton of the Y.M.C.A. telephoned this morning to say that a young Chinese by the name of C'hen was to be in Montreal under their wing for a year and would attend McGill for one or two courses and he would like you to have a chat with him. Made appointment him to see you Saturday morning at 11.

Informed Mr. Beaton that if Mr. C'hen has registered he might care to come and hear you speak today. He was quite delighted with this suggestion.
