LIFE OF VICTORIA DEPICTED BY FILM

"Sixty Years a Queen," a Magnificent Photographic Display.

COMMENDED BY ALL

Two Large Audiences Witnessed the Famous English Production at the Grand.

"Sixty Years a Queen," a splendid seven part film production dealing with the outstanding events of Queen Victoria's long and fruitful reign, is the offering at the Grand Opera House, opening Tuesday afternoon, and drawing two large audiences. Like other English productions it is "photographically perfect," and spectators watch with interest the unfolding of the absorbing life drama of the beloved sovereign. So accurately and realistically have the various scenes been reproduced that one might almost believe that the actual happenings had been bought by the camera, and it is only the fact that the cinematograph is of such recent invention that brings the realization that the events endied of performers shown on the screen. The pictures impart a more comprehensive and complete conception of the glory of the Victorian reign and the might and extent of the British Empire than would be possible except with the aid of extended study and travel, and the production is one of which Britons might well be proud, seeing that it is the work of a British maker. All the great figures of English history from 1837 to 1901 flit across the canvas, and the events which have helped so largely to give Britain her commanding position in the world are depicted with graphic effect and close fidelity to historical and pictorial records.

Commendation was heard on all sides with such expressions as "Beautiful, and well worth the money." During the engagement at the Grand Opera House a matinee will be given every day.

OTTAWA, June 23.—That there will be no election in Carleton County next Monday, owing to the disqualification on technicalities of the Liberal nominee, Lieut.-Col. Hamilton, is practically a certainty.

GRAND TRUNK INAUGURATES IMPORTANT NEW TRAIN SERVICES THIS MONTH

le International Limited Eastbound Is Established—With Last Word in Equipment, This Train Will Use Famous Dundas Valley and Burlington Bay Route on Wayfrom Chicago to Montreal, Reducing Journey By Three Hours—Many Other New Trains.

When the summer timetables of the Grand Trunk Railway System take effect on June 28, very important improvements will be introduced, particularly on the main line between Montreal, Toronto, Hamilton, London, Detroit and Chicago.

Double Track All the Way. The Grand Trunk, having a double track all the way between Montreal

tached at Toronto, running through to Chicago. These new observation cars will be known as the "Dundas Valley" and "Burlington Bay" respectively. Great Improvement on Night Service. The night limited train now leaving Montreal at 10.30 p.m. will leave at 11 p.m. and run via the junction cut and Burlington Bay, just west of Hamilton. reaching Detroit 1.45 p.m. and Chicago 8.40 p.m. This train, leaving cago 8.40 p.m. This train, leaving Montreal half an hour later than a montreal half an hour later than at present, and reaching Chicago 45 minutes earlier, will save the traveler one hour and a quarter between Montreal, the metropolis of Canada, and Chicago, the metropolis of western United States.

For the special accommodation of

For the special accomm passengers from Montreal to Hamilton, St. Catharines, Niagara Falls, Buffalo, and other stations to the south and east of Hamilton, a standard drawing room sleeping car will be attached to the 11 p.m. train from Monttreal, and this will go forward from Toronto at 8.10 a.m., immediately fol-lowing the Chicago train.

lowing the Chicago train.

Later Departure from Toronto.

The train at present leaving Toronto for Detroit and Chicago at 11 p.m., via Stratford, will, under the new ier vic leave Tolonto at 11.4 pff. daily and run via Hamilton, reaching Departure from Toronto.

and run via Hamilton, reaching Detroit at 8 a.m. and Chicago 3 p.m. next day. This is designed to give the passengers the entire evening in Toronto, yet allowing them to reach Detroit in time for breakfast, and Chicago at an hour that will assure connections with all principal trains for St. Paul, Minneapolis, Winnipeg and western Canada; Colorado, California and other Pacific coast destinations. The railways west of Chicago operate their finest trains from that city between 5 and 7 p.m. This train from Toronto will also have very desirable connections from stations in eastern, northeastern and northern Ontario

Another later departure will be the night limited from Toronto, which will leave at 11 p.m. instead of 10.45 p.m., and will arrive in Montreal at 7.30 a.m. instead of 7. 40 a.m.

For Summer Resorts Extra summer trains will be inau-gurated from Toronto to the resorts in the "Highlands of Ontario." A most important improvement will be made in the service to and from the Algonquin Provincial Park of Ontario. The express train from Buffalo, 8.05 a.m., heretofore operated via Niagara Falls to Toronto, Muskoka Wharf and Huntsville, will this summer be continued through to the "Highland Inn" at the Algonquin Park Station, the official headquarters of the park, which comprises 2,500,000 acres.
