BUSINESS OUTLOOK IN TORONTO IS EXCELLENT

Toronto reports to Bradstreet's say that bright factors in the business outlook are numerous. The increased movement of money is shown in bank clearings. While he movement of crops has hed a good deal to do with the clarings showing, more money has been spent in stores. This is because there exists plenty of remunerative employment. The success of the big loan has materially proved sentiment. Improvement is set-ling in in building, as is shown by permit figures in November. Custom recepts of seven eastern cities show laws. figures in November. Custom receipts of seven eastern cities show large increases in November. Wholesale business continues tairly active. Drygoous houses have most of them had a good fall. Grocery irrms are actively engaged in the Christmas trade. Raisins and currants are scarce. Hardware houses have been doing better.

MONTREAL GRAIN MARKET.

kets for the past week show an increase of 97 cars, 974 cattle, 7816 hogs, 91 calves and 265 horses, and a decrease of 1239 sheep and lambs, compared with the corresponding week of 1914. MONTREAL, Dec. 10.—The export trace in grain today was very quiet, there being little demand from Liverpool buyers for wheat, and the few bids that did come forward were is per quarter lower than the proces paid yes.erday. The domestic demand for coarse grains was also limited, and only sales of odd cars of oats were made at steady prices. The tone of the market for flour was firm, with a fairly active trade doing. Millfeed was active and firm.

WINNIPEG WHEAT MARKET.

WINNIPEG, Dec. 10.—With a drop of 2½c to 2½c in Winn.peg, somebody got hurt, and it is entirely possible it was the speculative element that came in early in the week. All markets were down. The high point of Winnipeg lor the day was ¼c to ½c over the opening, but it did not touch the closing p.ices of the previous day. Winnipeg December closed \$1.05, May \$1.075%, audecline of 2½c to 2½c for the day.
