AN EASY WAY

To Keep Well.

It is easy to keep well if we would only observe each day a few simple rules of health.

The all important thing is to keep the stomach right and to do this it is not necessary to diet or to follow a set rule or bill of fare. Such pampering simply makes a capricious appetite and a feeling that certain favorite articles of food must be avoided.

Prof. Wicchoid gives pretty good advice on this subject; he says: "I am 68 years old and have never had a serious illness, and at the same time my life has been largely an indoor one, but I early discovered that the way to keep healthy was to keep a healthy stomach; not by eating bran crackers or dieting of any sort; on the contrary I always eat what my appetite craves, but daily for the past eight years I have made it a practice to take one or two of Stuart's Dyspepsia Tablets after each meal and I attribute my robust health for a man of my age to the regular daily use of Stuart's Tablets."

My physician first advised me to use them because he said they were perfectly harmless and were not a secret patent medicine, but contained only the natural digestives, pepsines, and diastase, and after using them a few weeks I have never ceased to thank him for his advice.

I honestly believe the habit of taking Stuart's Dyspepsia Tablets after meals is the real health habit, because their use brings health to the sick and ailing and preserves health to the well and strong.

Men and women past fifty years of age need a safe digestive after meals to insure a perfect digestion and to ward off disease, and the safest best known and most widely used is Stuart's Dyspepsia Tablets.

They are found in every well regulated household from Maine to California and in Great Britain and Australia are rapidly pushing their way in popular favor.

All druggists sell Stuart's Dyspepsia Tablets, full sized pkgs. at 50 cents, and for a weak stomach a fifty cent package will often do fifty dollars worth of good.

Total, \$38,900 81. Mrs. Vanwart Received \$52,500 in Insurance.

Referee Coy in his report says: That so far as can be ascertained from evidence produced before me none of the personal estate of Wesley Vanwart has come into the hands of Annie A. Vanwart as residuary legatee or otherwise.

In this connection I beg to report that there were a number of policies of insurance on the life of the testator which were payable to Annie A. Vanwart, the wife of the testator, which were current at the time of the testator's death. The total amount of the policies in force at the time of the death of the testator and payable to Annie A. Vanwart was \$52,500. The total amount of premiums paid on said policies was \$7,388.20.

While the said Annie A. Vanwart has presented before me no claim upon the estate it appears from the evidence that she had advanced to the testator out of her own moneys the sum of \$1,520.33; and he also retained to his own use the sum of \$1,508.22, which the said Annie A. Vanwart was entitled to as a legatee under the last will and testament of the late George Hume.

The total amount of disbursements made by Willard Kitchen as administrator of the estate was \$4,810.83. No part of the personal estate of the testator is outstanding or undisposed of.

Receipts From Life Insurance.

A statement in detail is presented of the receipts which have come into the hands of Mr. Kitchen, the administrator. The statement shows that of the total estate of \$35,586.04, \$28,230.12 was from life insurance policies in favor of the estate, as follows:

Table listing insurance companies and amounts: Standard Life Ins. Co., \$4,000 00; Sun Life Ins. Co., 17,739 05; New York Life Ins. Co., 3,573 07.

The evidence taken by referee Coy makes 330 large pages of typewritten matter, and Mr. Coy's report, including schedules, makes 71 pages of typewritten matter. Mrs. Laura Burpee is stenographer for the estate.
