## 1911

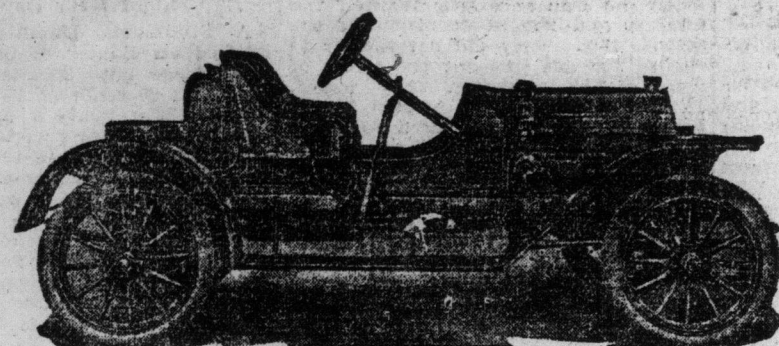

### Tenth Year

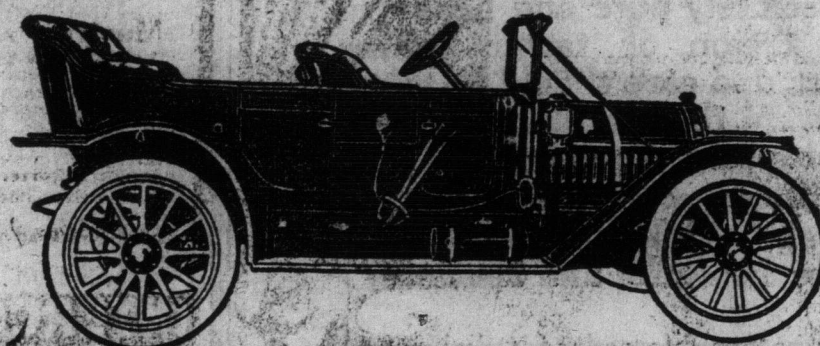

Model "41" Convertible Torpedo, \$2,375, Fully Equipped.  
Motor 4½x4½. Unit power plant. 110-inch wheel-base. Tires 34x4.

Model "29" Roadster.  
Motor 4x4. Overhead valves. Wheel base 105. Tires 32x3½. Gas tank in rear. Tank \$15.00 extra.

Model "22" Roadster Type, \$800.  
Motor 5x4, water cooled. Wheel base, 96 inches. Tread, 56 inches. Tires, 30x3½. Quick detachable gasoline tank on rear.

Model "51" Convertible Torpedo, \$3,000 Fully Equipped.  
Motor 4½x4½. Unit power plant. 120-inch wheel-base. Tires 36x4.

### Touring Cars Made Into Torpedoes in an Hour's Time

"Jackson" touring models can be fitted with removable front doors and panels. For fall and winter use or extended touring, the protection afforded in a car of the torpedo type gives it an advantage that cannot be denied. There are many automobile users, however, who feel that for city driving, they do not care to sacrifice the freedom and convenience of an open car. It is to these that we particularly recommend our Convertible Torpedo Types. Front doors and panels are fitted when specially ordered—the loosening of a few bolts suffices to remove them, leaving the regular standard touring car.

### Oil-Tight and Dust-Proof Construction

"Jackson" motors are of the Unit Power Plant type—Motor, Clutch and Transmission being enclosed in one oil-tight and dust-proof case. Perfect lubrication is assured by the circulating oil system—dust and dirt are absolutely excluded from the working parts. Plenty of oil and no dirt—that's why "Jackson" motors are wear-proof.

### Full Elliptic Springs—Front and Rear

All models are hung on full elliptic springs, front and rear. Their free, easy action absorbs the jolts. This is an important factor in the life of a car. The "Jackson" is the acme of comfort—rough roads can be taken without jar. In all models the weight is carried close to the ground, and the cars have a balance that is appreciated by the critical driver.

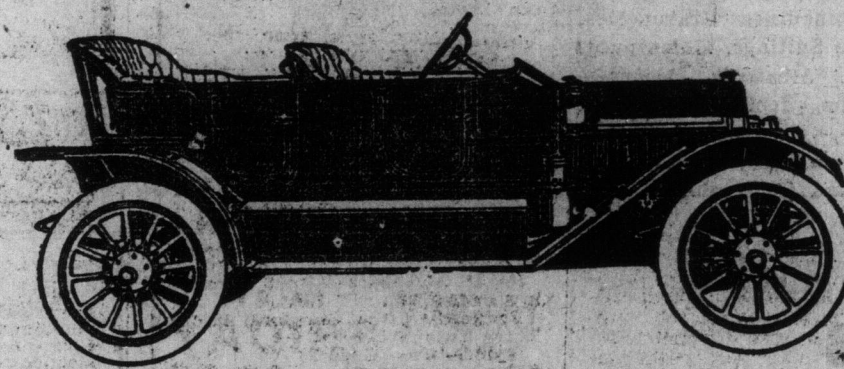

### Ten Years' of Successful Production

The Jackson Company has built practical, successful automobiles for the past ten years—it has never offered to the public an inferior car.

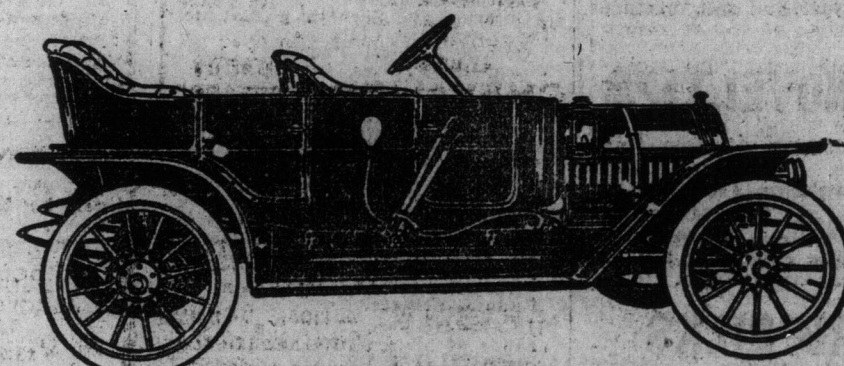

The Jackson plant is complete within itself. Modern machinery and efficient manufacturing methods enable us to produce a car from the raw material—a car which contains the utmost value for the price.

### No Hill Too Steep

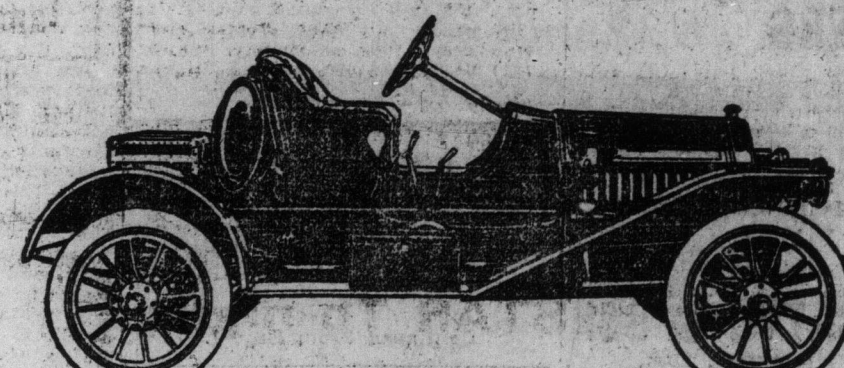

### No Sand Too Deep

Model "38" Torpedo, \$2,250.  
Full Torpedo. Left-hand drive. Motor 4½x4½. Unit power plant. 115-inch wheel-base. Tires 34x4. Fully equipped.

Model "45" Convertible Torpedo, \$1,650, Fully Equipped.  
Motor 4x4. Unit power plant. 110-inch wheel-base. Tires 32x3½.

Model "25" Roadster, \$1,450, Fully Equipped.  
Motor, 3½x4½. 105-inch wheel base. Tires, 32x3½. Trunk, \$15 extra. Gasoline tank in rear.

See the "Jackson" at the Show. Demonstrations Promptly Given on Request at City Sales Office

### TWO FIREMEN INJURED IN A MONTREAL FIRE

Fifteen Thousand Beds Destroyed  
and Warehouse Completely  
Gutted.

MONTREAL, Feb. 27.—Fifteen thousand beds of various sizes, styles and make, representing a value of approximately \$150,000, were destroyed by fire in the four-story warehouse of the Ives Modern Bedstead Company, at 117 Queen-st., this afternoon. The warehouse is completely gutted, the fire, which originated in the second story, raving it clear to the roof. The ground floor was occupied by the offices of the concern, while the three floors above were given entirely to the storage of manufactured beds. The fire was a fierce one, due to the fact that the bedsteads in storage were covered with many wrappings of paper and in some instances with light wooden slats intended for protection in shipping. Within thirty minutes after the first alarm there were 27 individual streams at work and one water tower. The force for these was supplied by seven steamers of the highest power, some of which can eject 1500 gallons a minute. Two firemen were injured during the fire. One came in contact with a live

wire while at work on a ladder, and was thrown to the ground. He was attended to by the surgeons of Notre Dame Hospital. Another, A. Gauthier, had his hand cut and was also patched up by the surgeons of Notre Dame. There were several men who received minor cuts.

### FIELDING HUNG IN EFFIGY.

MONTREAL, Feb. 27.—An effigy of Hon. W. S. Fielding, minister of finance, hanging from some electric wires 25 feet above the ground, was the spectacle which greeted a number of Grand Trunk employees at the Point St. Charles yards, as they passed the corner of Knox and Hibernia-sts. early this morning on their way to work.

The effigy was draped in the Stars and Stripes, upon which was crudely painted in big black letters the finance minister's name. The "body" was not "cut down" until ten o'clock.

### MAY REDUCE CHARGE.

BRANTFORD, Feb. 27.—Gistold De- arado, the Italian charged with "intent to murder" in connection with the stabbing affair in which Mike Gorencel, a Hungarian, was stabbed in the abdomen, was to-day committed for trial in police court. It is likely that the charge will be reduced to one of felonious wounding, in which case the prisoner will come before Judge Hardy.

### \$10,000 FIRE AT NEW DUBLIN.

BROCKVILLE, Feb. 27.—(Special.)—J. S. Bowson's large general store at New Dublin caught fire this afternoon, and, together with his residence

and outbuildings, was totally destroyed, entailing a loss of \$10,000, which was well covered by insurance. When the news reached Brockville, it was feared that the adjoining town hall could not be saved.

**One-Way Second-Class Settlers' Excursions Every Tuesday.**  
March 14 to April 25 inclusive, via Grand Trunk Railway system, from all points in Ontario, Kingston and from all points in Saskatchewan and Alberta, including points on Grand Trunk Pacific Railway. The Grand Trunk is the only double-track route to Chicago. Full particulars, rates, literature, etc., from Grand Trunk agents, or address J. D. McDonald, D.P.A., G.T.R., Toronto, Ont.

### BOLD BANK ROBBERY.

CLOVER, Va., Feb. 27.—Five armed men rode into town before daylight, today, blew open the safe of the Bank of Clover and escaped with \$4000 in cash. Residents aroused by the explosion, rushed into the streets, only to be met with a fusillade of shots from the revolvers of two of the men who stood guard outside the bank. No one was wounded.

### Got Five Years Each.

PORT WILLIAM, Feb. 27.—Alfred Wake, Winnipeg, Alfred Constable and E. T. Neilson, three of the men accused of stealing grain from the Empire elevator, were this morning sentenced to five years each at Stony Mountain. They pleaded guilty. Frank Henry Payne, also implicated, was let go on suspended sentence.

### LESS ILLEGAL FISHING

Game Laws in Toronto's Vicinity Are Also Well Observed.

Henry Watson, overseer of Toronto, in a report to the provincial game and fisheries department, says: "Some of the dealers and large fish companies still continue to traffic in illegal shipments of fish, but the severe treatment handed out to them will no doubt have a salutary effect."

"The illegal shipments seized in transit get less every year. All the express companies give every assistance to make the traffic as difficult as possible. The game act was never better enforced around Toronto than during the past year. The motor-boat people gave very little trouble, and some island poachers have turned game protectors."

### CUT HIS BABY'S THROAT.

CLEVELAND, O., Feb. 27.—Following a quarrel with his wife this afternoon, Anton Sorek killed his baby by cutting its throat with his razor. He then attacked his wife, and after severely wounding her, cut his own throat, inflicting a probably fatal wound. The neighbors became aware of the tragedy when they saw Mrs. Sorek run into the street streaming with blood, and shrieking "My baby, my baby."

### CROP OF LAND SURVEYORS

Fourteen Pass Final and Nine Preliminary Examinations.

At the annual examination for Ontario land surveyors, which has just been concluded, the following gentlemen passed the final examination and were granted certificates as Ontario land surveyors: Ralph Mackenzie Anderson, Harry William Tate, John Thomas Ransom, Calvin Bruce Allison, William Emerson Taylor, William Graham McGeorge, Nicholas James Slater, Albert McMeekin, John Edwin Jackson, Alex. Roger, Charles Hartley Atwood, John Alexander Brown, Albert Ernest Jupp, Russell Grant.

The following gentlemen passed the preliminary examination: Oliver Smith, Joseph Albert Mack, Erling Peter Gibson, Carman Rice Kenny, Joseph Patrick Power, Charles Vincent Gallagher, Robert Lorne Campbell, Frank Herbert Muckleton, Roy Stanley Kirkup.

**PILES**  
Dr. Chase's Ointment is a certain and guaranteed cure for hemorrhoids and every form of itching, bleeding and protruding piles. See testimonials in the press and ask your neighbors about it. You can use it and get your money back if not satisfied. Dr. Chase's Ointment is sold by all dealers of E. & J. L. Bates & Co., Toronto.

### PROTECTED SCAFFOLDING

Select Committee Gives Employers and Workmen a Hearing on the Bill.

Hon. Col. Hendrie presided at a special meeting yesterday afternoon, at the Parliament Buildings, of the select committee on Sir James Whitney's bill to provide for protected scaffolding. Representatives of the building trade unions, architects and contractors presented their views upon the provisions of the bill.

**Scarboro Farmer's Estate.**  
Robert Callender, late farmer of Scarboro Township, left an estate valued at \$12,877.37, consisting principally of mortgages, cash in bank, a \$5000 farm, and a house on St. Clair-avenue, valued at \$2500. The farm is left to his son, Robert, along with amounting to \$7507.77. Elizabeth, the widow, receives a net income from the residue for the rest of her life.

Edward James Finn, railroad conductor, left \$17,343.43, in cash, mortgages and real estate. Martha Rosina Finn, his wife, is the sole beneficiary.

**Consolation of an Ex-Champion.**  
Samson sought consolation. "At least she didn't ask me if I shaved myself" as mused. However, he resolved to stick to regular business for the future.

**Missionary—Am I do you know nothing whatever of religion?**  
Cannibal—Well, we got a taste of it when the last missionary was here. Toledo Blade.

### Carpenters Enjoyed Lecture.

About three hundred members and friends of the Brotherhood of Carpenters turned out last night to hear Wm. Houston speak on "Greater Toronto" at their first open meeting. This address is one of a series of literary and educational talks for the benefit of the members of the organization.

### Tailors Support Barbers.

At a meeting of the journeymen tailors' local last night the following resolution was unanimously endorsed: "Resolved that this local go on record pledging their moral support to the journeymen barbers and directing that all members patronize barber shops carrying the shop cards of the international barbers."
