Hon. W. H. Cushing of Alberta Announces Government Telephone Policy.

Calgary, Alta., April 9.-At the luncheon of the Canadian Club yesterday Hon, W. H. Cushing, minister of public works for the Alberta government, was the speaker on the subject of "The Telephone Systems of Alberta."

Mr. Cushing said in part: "As to the subject, the telephone systems of Alberta, I may say that the program has not been entirely worked out yet. The policy is, as I intimated in the house recently, to own and operate a complete trank line or long distance system, for 'the province; to allow towns, cities and villages to own and operate their own systems if they desire to do so or if they wished it the government to put in the exchange and operate it for them; also give rural districts the benefit of telephone

Mr. Cushing stated that the Bell Telephone Co. was aware that the government was willing to purchase their lines at a valuation and up to the present that company had not done anything in that direction, and he might say that if the company in question did not propose to deal with the government in that way, it was the intention of the Alberta government to go into the competition with the Bell Telephone Co-
