ietin:
An official telegram was received yesterday by the Department of State from Mentevideo, announcing a military revolt against the Government of Uruguay at the Capital, in which many were killed and wounded. Martial law has been declared, and citizens are being called in defence of the Government, which is said to be holding its own, although a renewed attack by the revolutionists is momentarily expected."

OXFORD BOYS IN THE FIGHT. Several Families Near Woodstock

Who Have Anxious Hours.

Woodstock Sentinel Review.

The horrors of the struggle now going on between the American and Spanish troops at Santiago are brought home to more than one Oxford family. In the very thick of the fight before the Cuban city, with the Fourth United States Infantry regulars is Dan McLeod, whose mother, a nurse, lives on Dundas-street, near the market. Dan was at one time employed at Pett's bake shop and was among the first to enlist after the breaking out of hostilities. Fred Hoodless, another Woodstock young man, went south a year ago with a New Orleans company, mobilized at Tampa, and he also is supposed to be at the front. In the home of Thomas Peat at Bright, the war news is anxiously read, for a son of Mr. Peat is at the front with K Company, Illinois Infantry. He was employed by the Deering Company up to the commencement of the war. It is understood that a brother of Mrs. W. T. McMullen is also at the front.

Was withter's line: A sentiment which was greatly applauded.

The Marquis of Ripon voiced the earnest hope that the signs of friendship between the kindred nations would not be an aberration of temporary sentiment, but would pressage a closer and permanent union, Referring to the battle of Santiago, he described it as "a gallant victory over foemen worthy of your steel." [Cheers.]

Diamonds by Mail.

Owing to the large Increase in mail orders for the truly beautiful Sayreta-Kora Crystals (trade mark), sold only by the Diamond Palace, it has been necessary to greatly enlarge their mail order service. It is truly wonderful the goods they are selling at \$1 each and upwards. The Diamond Palace Co, was established in the Dominion over a year ago, by W. Rowe, Harvey & Co., who have, by upright dealing, built up a good substantial trade among the people of Canada. Mr. Harvey sends by mall a beautiful brooch, King stick pin, shirt stud, or earrings, on receipt of \$1, to any address, and guarantees satisfaction or money refunded if goods are returned immediately. Manro Park.

The fact that Munro Park is the favorite place for holding Sunday school plenies this year is becoming more apparent every day. Yesterday was without doubt the banner day of this season, there being no less than six different picnics in the park. They came from various sections of the city. The west was represented by the teachers and scholars of the Parkdale Congregational Church, also the members and teachers of the Fernavenue Presbyterian Church. From the northwest came the Walmer-road Baptists and the Bonar Presbyterians. Then, coming further east, Walmer-road Baptists and the Bonar Fres-byterians. Then, coming further east, there was the primary class from the Ber-keley-street Methodist Church, and, to complete thie-list, the children from the Kennilworth-avenue Baptist Church. There must have been at least 4000 children there yesterday afternoon. The accommodation was insufficient. The Toronto Railway. oany will have to get to work at o and erect more dining halls if they wish to keep this class of travel going to Munro Park. Under these adverse circumstances, Messrs, J. & T. Gardiner deserve the greatest praise for the able manner in which they handled this large number to the entire satisfaction of everyone present.

The Cases All Adjourned. The Cases All Adjourned.

Magistrate Ellis had four cases before him yesterday afternoon, and each cases was adjourned. George Philips, of Bracondale, the young man charged with assaulting his step-mother and step-sister, was remanded until Saturday. The case arose out of family troubles, and the complainants did not appear yesterday to prosecute the charge. John and Patrick Falby were up for disorderly conduct in Deer Park, and they got an adjournment until next Monday. There is also a dispute about the ownership of a Shetland pony pending between John Falby and Edward Hill. The case against G. Ellis and P. G. Close, trustees of the eBdford Park estate, of obstructing the highway, was allowed to stand for a week.

To Bridge the Counties.

Yesterday County Warden High conferred with a deputation, composed of Sir Melville Parker and Councillor Raydon, in reference to the proposed new bridge between Peel and York Counties. Satisfactory arrangements were made, and County Clerk Ramsden was instructed to advertise for tenders.
