RUPTURE CURED.

Montreal, Sept. 3, 1901. B. Lindman, Esq.: Dear Sir—Some twelve months ago I was fitted with one of your trusses, which has proved entirely satisfactory. In fact I have been examined by two physicians quite recently, who fall in and utter the same verdict, a fact which speaks for itself. Yours truly, D. W. Scott.

SIR WILLIAM MACDONALD'S OFFER.

Will Build Grade School in Ontario on Certain Conditions.

Premier Ross yesterday announced the scheme of Sir William Macdonald in connection with his liberal donation for educational purposes in the province. Already Sir William has given \$25,000 to the Ontario Agricultural College, and has also proposed to make a grant for the establishment of a grade school in some thickly populated township. He will require to have an agreement or assurance first, however, with the trustees of the school in question, that they will accept of the transportation of the scholars who may wish to attend, if they do this Sir William is willing to provide for the erection of a school which would also contain a library.

Another idea of the Montreal millionaire is the establishment of gardens in connection with schools. He proposes to give to eight or ten schools grants for the setting aside of gardens, in which would be grown plants, vegetables, etc. By this means teachers would be able to give to their pupils a practical lesson in agriculture.

When these gardens are established Sir William will send an inspector or expert around to give lessons on the practical side of agriculture.

Their Services Appreciated.

The at home tendered by the session of College-street Presbyterian Church to the choir, board of managers, and Sunday school association in the lecture room of the church last evening was a decided success. A program of music, interspersed with short and happy speeches, was varied by a presentation to the members of the choir, on behalf of their leader, as a token of appreciation for their regular and faithful attendance. The members of the choir reciprocated by presenting their leader, Mr. A. H. Green, with a banner as an expression of their esteem. The services of refreshments brought the happy meeting to a close.

HAD LAME BACK FOR EIGHT YEARS

The TERRIBLE EXPERIENCE OF A NOVA SCOTIA GENTLEMAN AND HOW HE WAS CURED.

After such a long period of suffering he is Entirely Restored to Good Health by Dodd's Kidney Pills—He is Very Grateful.

Bridgewater, N.S., Jan. 10.—(Special).—Mr. John S. Morgan, a prominent man of this place, has had a terrible time with his back for eight years, but now he is receiving the congratulations of his friends on his complete and satisfactory recovery.

To look at Mr. Morgan to-day one would never suspect that he had been the victim of so much torture, and for such a long time, and yet from his own statement the pain he had endured must have been something awful. He says, "I feel I can truly say I am heartily glad I did so, for my cured me."

"I had run down in weight to about 140 pounds, but during the time I was using the Pills (I had all about twenty boxes) I regained about 25 pounds."

"Of course I realized my danger, and when I found that Dodd's Kidney Pills were helping me I stuck right close to them after commencing with them I was perfectly cured."

Everyone who knows Mr. Morgan knows that he means every word he says, and much interest has been aroused by the publication of his statement.

Dodd's Kidney Pills are well known to be a sure cure for all cases of Lame Back and Kidney Trouble.
