PRISONER'S ODD APPEAL

Serving 40-Year Term for Murder, R. Osborne and H. S. Stayner. Says Buffalo Man Can Prove His Innocence.

Buffalo, Aug. 3 .- One of the strangbet cases ever presented to newspaper readers underlies the publication of the following advertisement, which apmears in a local paper .:

Wanted-To hear from the parents, relatives or friends of a young man whose name is not known ex-cept by his initials. When last heard of he was in Ogden City. Utah, at which place he remained a few days and during Thanksgiving Day, Nov. 27, 1902. His initials are J. A. M. Hoping to hear from his parents, relatives and friends as soon as possible as the matter is very important. Address, Wil-liam Reese, care of G. N. Dow. Sugar-house Station, Salt Lake City,

William Reese is an inmate of the penftentiary at Sait Lake City. His Mathematics. anxiety to locate "J. A. M." is explained by a statement from him to the effect that he is in a position to prove an alibi for Reese and a man named Bass. Walter Dennison of Toronto Will who are at present serving terms of 40 and 30 years respectively for a murder committed in the early hours of Nov. 28, 1902. Mr. Reese's own "The evidence against us was simply circumstantial, merely that I had a coat and hat that looked like the murderer's. The chief witness for the prosecution, the man who was with McCabe, when he was killed, swore that he wasn't sure it was me. There are to-day many people in Ogden and Salt Lake City who believe in my innocence, and if I could locate J. A. M. I could get a new trial and am sure my freedom, therefore you will not be surprised why I wish so anxiously to hear from J. A. M.'s folks. Imagine yourself in my place, conanxiously to near from J. A. M. s folks. Imagine yourself in my place, condemned innocently to a felon's cell for the murder of a fellow-being, and freedom from it to be got only thru a man whose full name I do not know! But I hope that he or his folks will notice the advertisement and approximately. notice the advertisement and answer it, which would restore me to liberty and freedom."

Statistics of Presbyterian Church in U.S. Made Known.

Paterson, N.J., Aug. 3.—The Rev. Dr. W. H. Roberts, clerk of the General Assembly, has issued the figures of the Presbyterian Church for 1903. The most striking feature is the falling off in the number of ordinations. The number is 184 this year, 52 less than the ordinations for 1902. The total membership was 975, 877 in 1892 and at present is 1,067,477. In finances for home mission the amount given last year was \$1,293,321. The amount last year was \$1,293,321. 14 BUSHELS AN ACRE.

St. Paul, Minn., Aug. 3.—Reports reterived from reliable sources covering the three great hard wheat growing States—Minnesota, North and South Dakota—indicate that the probable average yield of wheat in those states will be 14.05 bushels an acre. While a reliable estimate of the acreage sown could not in all cases be obtained, it is indicated by the returns that there was from 5 to 10 per cent, less land sown to wheat than last year. The wheat crop will be something less in total volume than last year; onts and barley will be up to or slightly above the average and the flax crop has fallen of firm materially.
