Batteries Caldwell and O'Neill for Cleveland; Smith and Mifler for Brooklyn.

Cleveland Indians and the Brooklyn Dodgers come to grips today to decide which team will trail westward tonight which team will trail westward tonight with the odd game of the three of this year's world's series.

The Brooklyn victory yesterday put the spurs to local enterprise, and a large crowd came early to the ball park. The first in line arrived before sun-up. The weather was warmer, too, and the thermometer rose in direct ratio with the mounting hopes of the Brooklyn fans, who were quite satisfied with the whitewashing administered the visitors yesterday by Grimes.

"I've got Smith and Pfeffer ready for the game," said Manager, Robinson of the Podgers. "It depends on how they warm up which one will take the mound. The boys have started to hit. We have looked over the best pitching.

The Indians pinned their faith on "Duster" Mails to vanquish the Dodgers. Mails was a Brooklyn rookle some years ago. "If Mails gets his fast ball working," said Tris Speaker, "the Brooklyn team will have the time of their lives getting to him. Mails is teady to pitch when I call on him."

The unreserved stands were filled to overflowing when the clubs went through their fielding practice.

The warm day had its effect on the players, and they went through their fielding workouts in snappy fashion, which brought rounds of cheers from the crowd. which brought founds of cheese from the crowd.

Manager Speaker sprang a surprise on the Brooklyns by warming up Ray Caldwell. Everyone had been looking for "Duster" Mails. Sherry Smith warmed up for Brooklyn.

MUNICIPAL BODIES

Will Deal With Situation Along Lines of Provincial Policy.

Ottawa, Oct. 7 .- (Canadian Press.) -Details of the fuel controller's plans promulgated yesterday show that the general plan for the coming winter follows very closely on the lines of the scheme in effect throughout the Dominion during the coal shortage of the winter of 1918.

The order explicitly deals with municipal and provincial coal distribution, besides outlining a policy to be enforced by both dealer and the consumer. Contravention of any sections of the order will result in prosecution and penalties.

The policy set forth dealing with the provisioning and licensing of dealers is that the Government of each of the provinces of Canada may appoint a provincial fuel administrator or board of administration for each province. general plan for the coming winter folof administration for each province. It may also create such central provincial organization as may be necessary. Any expense so incurred shall be borne by each province. The duties of the fuel administrators, subject to the

the fuel administrators, subject to the orders of the board, is to supervise distribution of all coal and other fuel imported into or made available within such province; to develop the demand for and supply of wood and other coal substitutes to the greatest possible extent, also to promote within the province the greatest development of any coal areas available. To issue orders to dealers, consumers and others within the province regarding the distribution and use of coal and to license brokers and others desirous of engaging in the business of selling coal, are other powers conterred by the board.

Municipally, the board deals with the situation in a manner similar to that drawn up for the provincial administrators.

JAPANESE PREMIER **WELCOMES DELEGATES** TO S. S. CONVENTION

Meetings Are Being Held in Imperial Theatre.

Tokio, Oct. 7.—(By the Associated Press.)—Sessions of the world's Sunday school convention, which were interrupted Tuesday afternoon by the fire which destroyed the great hall, where the first meeting was held, were re-sumed today in the beautiful Imperia Theatre. Japanese plays that were being presented there have been sus ing presented there have been sus-pended, and the stage was especially en-larged for the convention. Premier Hara has offered the committee the halls of the Japanese diet if it was necessary to use them.

Justice MacLaren of Ontario, vice-president of the World's Sunday School Association, after reading greetings last night from the Canadian premier, add-ed: "Perhaps this terrible accident is a blessing in disguise, for now the whole world will be made to notice what the invention proposes to accomplish in

Tokio."
Mayor Tajiro of Tokio said the convention was an epoch-making event in the annals of the peoples of Eastern Asia, and offered a superb opportunity to develop the hearts of mankind. city council next Wednesday afternoon. Ald. Cameron Wilson will move that the city get in communication with the Provincial Government to obtain its authority for taking such

"The matter was to have been brought up at the last meeting of the council, but it seems that it was forgotten in some manner," he stated today. "I think the situation certainly requires the council to take some action. Establishment of some sort of a court of tribunal would be the fairest method. The landlords are entitled to a fair return on their investments. We could determine whether they were getting that by a comparison of the rental of the house with its assessment."

Adoption of Toronto's policy of obtaining official information on local rentals as a first step in establishing "fair rents" was advocated by Ald. E. R. Seabrook. Sixteen members of the Toronto assessment department will soon commence a survey of apartment houses, private hotels and a limited number of rooming-houses, to ascertain the actual rentals paid by tenants. Tenants will be requested to supply tain the actual rentals paid by tenants. Tenants will be requested to supply all details if the owners of the properties do not. The information obtained is to be regarded as confidential, but will be used by the city in presenting its case to the Government for the need of establishing a "Fair Rent Court."

Lloyd George Will Receive Deputation From Ireland Next Week For Purpose of Taking Initial Step To Introduce Scheme, Says Daily Mail.

London, Oct. 7.-Leaders of the Sinn Fein have intimated that, although they desire complete separation of Ireland from England, they would not oppose a broad measure of dominion home rule if it can be proved a majority of the Irish people demand it, says the Daily Mail. This intimation, the newspaper declares, was given in response to approaches made by the Irish peace council, a body of moderates from all parts of Ireland, which has just completed plans for dominion home rule in the island.

Prior to adjournment of Parliament, members of this council interviewed Premier Lloyd George, who told them that before submitting any scheme they must be able to assure him of sufficient support in Ireland to guarantee that the scheme would be workable. This support the council claims to have obtained, and the Mail asserts the premier will receive a deputation from the organization next week to take the initial step in the scheme. The first thing that will be done, the newspaper says, will be the creation of a constituent assembly for Ireland, in which Ulster will be given representation.
