MONARCH RAILWAY WANTS A CHARTER TO BARRIE

Approach York Township in Matter—May Build This Summer—Gas Gusher Still Flows.

Reeve Henry presided at Monday's meeting of the York Township Council, the outstanding feature of which was the presence of a large deputation of the Earlscourt, Fairbank and Wychwood people in relation to school matters. The acquisition by the city of the big areas lately added on in the north has rearranged some of the school sections, notably 12 and 25, and these in turn are anxious to annex some of the area at present incorporated in 14 and 15.

Among the gentlemen present were: W. A. Robinson, W. A. Stevens, Mr. Lowrey, Andrew Weaver, W. Dever, John Stevens, W. A. Parsons, Fred Mulholland and Mr. Spencer.

The Monarch Railway Co., thru their solicitors, Messrs. Corley & Price, are anxious to secure the final support of the council in their application for a charter. The proposal is to extend the line northerly to Barrie, Orillia and on. Where the railway does not touch larger towns in its passage thru the counties it is proposed to run branch lines and thereby take in large areas. No action was taken by council.

The general purpose expenses for the current month are \$2760.93.

The Good Roads Association will meet in the York County Council chamber on March 2.

The secretary of the Sick Children's Hospital acknowledged the receipt of \$25, the amount given by the township.

The appointment of assessors for the year was made—Bowers, Downs, John Lowndsbrough and George R. Goulding—being the amount of salary could not be definitely fixed at present.

A communication from Solicitor Starr was received re the crossing over the Belt Line Railway in connection with the Montreal road thru Mount Pleasant Cemetery.

Commissioner Pinder will discharge the duties of the M. H. O. in lieu of Messrs. Carter and Mitchell, resigned.

The council will probably install a telephone in Mr. Pinder's house, the better to facilitate township business generally.

NORTH TORONTO.

Natural Gas Flow Still Shows No Signs of Abating.

NORTH TORONTO, Feb. 7.—The flow of natural gas from the water-works still shows no sign of giving out. The contractors are busy boring another hole about three feet from the first. If the gas blows up this one they will record a pressure of about 100 lbs. per sq. in. to the depth of 100 feet in search of water. At 5 o'clock to-night they had reached a depth of 20 feet.

The flare coming from the pipe made the surrounding atmosphere quite comfortable for the men to work in to-day and many citizens warmed their hands at the blaze. The water, fire and light committee met on ground this afternoon and decided to let the gas burn continuously, so as to test its permanence. Mr. Stubbard, who owns a considerable section of the same ravine is an interested party.

The strike has aroused considerable interest in town, and natural gas and its possibilities are the topics of the hour.

Rev. F. Beveridge Smith, president British Welcome League, will deliver a lecture to-morrow night in Eglington Methodist Church.

Eglington Young Men's Club gave a fine minstrel show in the town hall to-night.

After a severe illness, Sergeant Johnson has returned to duty as night sergeant at the Keele-street (No. 9) police station. Sergeant Murphy is on duty during the day.

Brown's Corners, Ont. Miss Florence Nightingale, born May 12, and now in her 80th year, is still living, and comparatively well, but invalid, requiring to be wheeled from room to room, retains all her faculties, and still takes a keen interest in current affairs. While refusing to accept a testimonial of \$50,000 from the British nation tendered as a tribute in view of her heroic work during the Crimean war, she later consented to its acceptance on condition that the money be devoted to the founding of a Nurses' Home, which was done. She is in comfortable circumstances. Her address is 10 South-street, Park Lane, London, England.

TREASURER \$424,000 SHORT

Happened During Period of Twenty Years—in Jail Now.

BOSTON, Feb. 7.—A shortage of \$424,442 in the accounts of John A. Hall, treasurer of the Southbridge Savings Bank, was shown to-day when Bank Commissioner Arthur B. Chapin made public his report.

The shortage covers a period of 20 years. Hall is at present confined in jail. He disappeared with the money, but was examined last month, but later gave himself up.

The methods employed were to raise arbitrarily the amount of weekly payments entered upon the counterbook to make the amount of weekly payments when posting in the cash books, and to credit cash for fictitious personal or town loans or deposits in banks, the amount of which would be added to the weekly withdrawals and debited to the deposit account.

Women

Cannot be Strong and Healthy Unless the Kidneys are Well.

Weak, lame or aching backs are the first signs of kidney trouble.

Under ordinary conditions they ought to be strong and ready to bear the burdens of life.

It is hard to do housework with a weak and aching back. Backaches come from sick kidneys, and what a lot of trouble sick kidneys cause.

But they can't help it. If more work is put on them than they can stand it is not to be wondered that they get out of order.

Weak back is simply a warning from the kidneys and should be attended to immediately so as to avoid years of terrible suffering from kidney troubles.

Doan's Kidney Pills will cure you in the same way as they have cured thousands of others.

Miss Alberta B. Clarke, Stoney Creek, Ont., writes: "I was troubled with kidney trouble for several years; my back was weak, I had such terrible headaches, and was unable to sleep at night and tried everything without any benefit. Meantime a friend advised me to try Doan's Kidney Pills, so I got four boxes and they completely cured me. I now feel as well as I ever did and would advise everyone suffering from Kidney Disease to try them."

Price 50 cents per box, or 3 for \$1.25, at all dealers or The J. M. Milburn Co., Limited, Toronto, Ont.

In ordering specify "Doan's."
