TEN MEN LISTED
AS CASUALTIES

Of These Two Are Dead and
Eight Are Reported
Wounded.

CAPT. GOUDY WOUNDED

Toronto Newspaper Man Who
Has Won Rapid Promotion
in France.

One killed, one dead of wounds, two seriously injured and six others reported as wounded is the sum of casualties among Toronto soldiers given out in the latest lists from Ottawa.

Serjt. F. Harvey, formerly of 982 Gerrard street, is reported to have died of wounds. He went overseas with a second contingent unit in May, 1915, and had been nearly 13 months in the trenches. Agnes Harvey, Bristol, Eng., is his next of kin. Pte. James Herbert Collocott, who enlisted in Toronto Aug. 23, 1915, for service with the 81st Battalion, was killed in action Jan. 7. Pte. Collocott's home was in Wilket, Ont. He went overseas in April, 1916, and was killed in action in France. News from the front states that he was killed while operating a machine gun. He was 20 years old and was unmarried. He worked with his father on the farm before enlisting, and is survived by his parents, eight brothers and a sister.

Capt. Goudy Wounded

Capt. Donald M. Goudy, who is with one of the Toronto battalions at the front, has been reported as wounded. He is a former Toronto newspaperman, having been on the staff of a local paper at the time of his enlistment. Capt. Goudy is a native of Fredonia, N.Y., but has made his home with an uncle, Peter Goudy, at Galt, until a few years ago. He enlisted here as a private and when at Niagara Camp was recommended for a commission. Capt. Goudy went to England in December, 1915, and to France nearly two years ago. While in France was attached to a mortar battery and thru merit won his captaincy after which he was transferred back to the unit with which he went overseas and with which he is now intelligence officer. Capt. Goudy is unmarried and is only 23 years of age.

Pte. Andrew Ross, 205 Munro street, who is reported wounded, had been at the front only about a month. He had been with the 124th Battalion, but was transferred to the Princess Pats.

Pte. H. Ahlborn, who before enlisting lived at 146 Strachan avenue, has been seriously wounded in the back. He is very ill in a hospital at Rouleigne, France. This is the second time Pte. Ahlborn has figured in the casualty lists.

Pte. W. Underhill, who boarded at 22 Pickering street, East Toronto, was wounded about Jan. 1, according to a French card received. Pte. Underhill is an unmarried man about 37 years of age, and went overseas with the 168th Battalion (Q.O.R.). He is an Englishman and in civil life is a plasterer.

Pte. R. Coyne, a former resident at 162 Simach street, has been wounded. He is about 34 years of age, and was in the employ of the Wm. Davies Co. before enlisting with the 83rd Battalion. Pte. Coyne is a native of Ireland, but had been in Canada about ten years.

Pte. J. W. Musgrove of Niagara Falls who is reported seriously wounded, left Toronto in March with the Orpington Hospital staff. After serving for a time in England he was drafted to France.

Pte. William J. McConnell, supposed to have been living at 10 Merton street before enlisting, is mentioned for the third time in the casualty list. He went overseas with one of the units of the permanent force and was first reported wounded in August, of last year. Two months later his name appeared in the list of wounded again, and now appears for the third time.

Pte. Frank Wynn, son of Pte. Francis Wynn, 124th Battalion, reported as having returned to duty on Dec. 27, after having been wounded in the scalp Dec. 14. He is 20 years of age and enlisted with the 85th Battalion in the fall of 1915. He went overseas in May and was transferred to France. He was an employee of the Massey-Harris Co. and lived at 14 Ferris avenue.

Will Build Aeroplanes at
Factory on Dufferin Street

A factory capable of building twenty aeroplanes daily will, it is expected, be in operation on the corner of Dufferin street, north of Eglinton, by the early summer. The sale of nine and a half acres of vacant property in that locality to the Canadian Aeroplanes Limited, was completed yesterday, the price being \$214,000, or \$15,000 an acre. The erection of a plant to cost \$300,000 will be commenced on Feb. 1. The Chartered Trust and Executive Co. completed the deal, acting for the owner, Chas. Miller, who prior to the war bought the property for \$120,000.

Hair Often Ruined
By Careless Washing

If you want to keep your hair looking its best, be careful what you wash it with. Don't use prepared shampoos or anything else that contains too much alkali. This dries the scalp, makes the hair brittle, and ruins it. The best thing for steady use is just ordinary multifunctional oil (which is pure and greaseless), and is better than the most expensive soap or anything else you can use.

One or two teaspoonfuls will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky. It is lustrous, fluffy and easy to manage.

You can get multifunctional oil at any pharmacy. It's very cheap, and a few ounces will supply every member of the family for months.

SAYS HE IS VICTIM OF
MALICIOUS PROSECUTION

M. J. Quinn Claims His Reputation
Was Injured by Case Brought
by T. S. R.

Asking \$5,000 in return for injury to his reputation, which he declares was done thru a "false and malicious case" brought against him in police court March 27, 1916, Martin J. Quinn opened his case against the Toronto Railway Company and James H. Forrest, an employee, before Justice Britton and a jury in the assizes court yesterday afternoon.

Quinn contended that the "prosecution" against him by the company was the outcome of an accident some weeks previous to the police court trial. He said one of two women alighting from a car fell and was dragged along Yonge street during a noon rush hour. He saw the accident and after handing the woman his card and telling them he was ready to help them, he advised them not to sign the printed form which the conductor had submitted to them. Alfred Packer, an employee of the company, he says, laid false and malicious information against him in police court. Magistrate Kingsford withdrew the case when the company's representatives failed to press charges or submit evidence that Quinn was disorderly.

A feature yesterday of the plaintiff's testimony was his ability to withstand the attack of H. H. Dewar, K.C., under a right examination. The corporation's counsel sought an admission that Quinn had interfered after the accident and prevented the conductor from doing his duty. The plaintiff, objecting to the words "interfere" and "prevent," explained that he was aiding the women while they were under the stress of the circumstances and advised them not to sign any papers at that time.

The company makes a complete denial of Quinn's accusation, declaring that if a charge was brought against the plaintiff in police court, which it does not admit, the charge was not brought maliciously.

FOUR TORONTO SOLDIERS
GIVEN MILITARY MEDALS

Serjt. L. B. Craig Wins Promotion
and Decoration for Bravery
in France.

Four more Toronto soldiers have been awarded the Military Medal for bravery in the field while serving with the C.E.F. in France.

Serjt. Lorne B. Craig went overseas with the 58th Battalion, a year ago won his stripes, and now the Military Medal. He is the son of J. A. Craig, 371 Huron street. A letter from the chaplain of the 8th Brigade states Serjt. Craig was awarded the medal for conspicuous gallantry in reconnoitering the enemy's line under fire, both by day and by night.

Corp. Geo. A. Craig, awarded the Military Medal for bravery, was only 16 when he enlisted. Last September he was wounded. Prior to enlisting he lived with his mother at 116 Jones avenue, and worked at the Methodist Book Room.

J. E. Blaney, awarded the Military Medal, is thought to be Signaller J. E. Blaney, whose home is at 56 Beatty avenue. He enlisted in Ottawa as a telegraph operator with the 2nd Divisional Signallers.

Serjt. Don A. S. McKay, winner of the Military Medal, is a first contingent man who went overseas with the 86th Foot Regiment. He was drafted from the 36th West King street, formerly lived at 730 West King street.

Children Gain in Weight
Attending Forest Schools

The Victoria Park Forest School, which was open for six months, from May until November, shows a good report for that period. The average gain in weight for each child was 13 pounds. In High Park Forest School the average gain was 5 1/2 pounds. The number of pupils registered at High Park school was 159, of whom 70 were of Jewish parentage, or about 44 per cent. The total percentage of foreign born was 61.

Breach of Promise Case
Recalled by Another Suit

Curry, O'Connor & Wallace, solicitors, were awarded \$33.10, the full amount of their claim against Mrs. Clara Chalmers by Judge Morson yesterday. The case was the outcome of a breach of promise suit, in which the father of the defendant in this action, Horace Hennessey, was the defendant. He was sued by Miss Fredericka O'Brien, who was awarded \$250. The father's property was transferred to the daughter's name, and the attorneys contended that they had obtained a trustee from her for the purpose of their services in the breach of promise suit.

CHARCOAL PRICES RISE.

Wholesale Prices Increased From
Eight to Ten Cents a Bag.

Following the increases in the price of the small bags of coke, bagged charcoal has been increased from eight to ten cents a bag. The wholesale, which means that the price will be at least 12 cents, or possibly two bags for 25 cents. Toronto has a daily consumption of about 8,000 bags, and it is feared that even at the advanced price there will be a scarcity, owing to the difficulty of securing labor.

ISSUES WARNING.

Sir Percy Sherwood, chief of the Dominion police, has notified the superintendent of the provincial police to be on the lookout for people masquerading as secret service men. They are characterized as "fakers," as none of the provincial or Dominion officers carry badges such as these men have. Prosecution will follow the arrest of any of this fraternity.

LIVE STOCK JUDGING.

The live stock judging championship for farmers' sons will take place at the horse exchange of the Union Stock Yards on Feb. 7. The event will be between the winners at Ottawa and Guelph, and the winner will receive a silver trophy given by the Ontario Packers and the Union Stock Yards Company, who also pay the railway fares and expenses of the competitors.

The Farmers' Dairy
Service

The spirit of the Farmers' Dairy since the first day it was organized has been a spirit of service.

It was for the purpose of giving to the people of Toronto the richest, purest milk at the same price as ordinary milk that the leading farmers of Ontario banded themselves together in 1909 and formed the Farmers' Dairy. To render efficient, satisfying service has been our chief aim, and any methods we have adopted and any improvements we have made were with the intention of furthering it.

Our plans for service begin at the farm. Particular care is exercised there in the selection of cows, in milking and in the shipping of the milk.

Then at the dairy—a new, spotless dairy, perfectly equipped—our "Service" aim is kept to the forefront. Machinery and rooms are kept scrupulously clean. Our employees are clothed in snow-white suits. All bottles and cans are sterilised. The milk is scientifically pasteurised. All this because cleanliness and quality are essential to satisfying service.

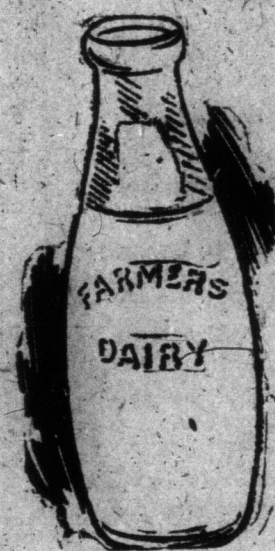

Having done everything possible to insure cleanliness and quality we do not stop there. Every care is exercised in the delivery of the milk to our customers. We employ a large staff of intelligent, courteous salesmen who deliver on the clean, white Farmers' Dairy wagons. Delivery is made at a regular hour each day.

All these things contribute to make The Farmers' Dairy service supreme. A service worthy of the careful consideration of every citizen of Toronto.

Thousands of homes in Toronto are benefitting by the high quality of The Farmers' Dairy milk. Because it is richer-in-cream than ordinary milk—because it is pure and fresh it has kept many families on the road to health and happiness. You can and should be enjoying this richer, pure milk. Get a trial bottle. Order today.

Tickets may be had from our salesmen, or by phoning or writing us.

REFUSES TO DISPENSE
WITH KNOX'S SERVICES

City Auditor Sterling Says He Will
Keep Him in Temporary Position,
if Necessary.

It is not the intention of City Auditor Sterling to dispense with the services of Robert Knox, despite the fact that the city council referred back to recommendation to appoint him and to see if a returned soldier could be found for the job in this department. "I have full authority and am empowered by law to appoint whoever I like to my department," said Mr. Sterling yesterday. "The only thing necessary for me to do is to report to the board of control. Mr. Knox has proven himself a very capable man. Formerly the hydro audit cost the city \$10,000 a year, and since I appointed Mr. Knox temporarily we have been doing it for \$3,500. When I

made the Knox appointment in 1915 and reported to the board of control I was told to go ahead and make a continuous audit."

"Could a returned soldier handle the audit?" he was asked.

"No," he replied. "I don't think a returned man could be found who could do the work. It is highly technical, and requires a man of much experience. An ordinary accountant could not undertake it."

"Do you intend to keep Mr. Knox in the department?"

"Well, I will keep him in the temporary position if he stays, but I may become disgusted with the whole thing and throw it up. I have not seen him this morning. Of course, I will try and meet the wishes of the council, as I do not want to have any trouble over the matter. Where it is possible to engage the services of a returned man it shall be done."

From this it would seem that the opposition of the mayor and certain members of the council could have no effect on the action of the city auditor if he so desired.

CONTINUE HEARING.

Cement Products Ltd. Claim \$300 From
Albert Webb.

Judge Denton will continue today hearing of the evidence in the claim for \$300 by the Cement Products Limited, from Albert Webb, which was opened in the non-jury county court yesterday. The case is the outcome of work done in connection with the construction of Silverthorne School, Mount Dennis. The plaintiff refused to complete a contract, the defendant says, and he in turn refused to meet a draft for \$300 given to the plaintiff by the defendant. The plaintiff seeks a judgment for the sum of \$300, with interest and costs.

AWARDED DAMAGES FOR
DEATH OF HER HUSBAND

Mrs. J. P. Thomas Gets Thousand
Dollars in Suit Against the
Street Railway.

Mrs. Joseph P. Thomas, administrator of the estate of her husband, an express wagon driver, who died of injuries received when his wagon was struck by an eastbound street car at Queen street and Logan avenue, Sept. 14, was awarded \$1025 in her suit for \$5000 damages against the Toronto Street Railway Co. by a jury under Justice Britton, in the assizes court yesterday. The jury deliberated for about two hours.

Peter White, K.C., as counsel for the corporation, in his address to the jury, challenged the plaintiff to prove that the man killed by the street car was Joseph Thomas. No evidence of identification, he said, had been admitted. He conceded, however, that the body removed from St. Michael's Hospital was that of Thomas. J. Shirley Anderson, counsel for Mrs. Thomas, said Mr. White's argument was quibbles. Justice Britton did not dwell on the point in his instructions. During a rigid cross-examination by Mr. White, Theodore Hartwick, a witness, became faint and had to leave the courtroom for a while.

FOR THE SOLDIERS.

A "shower" under the auspices of the Women's Auxiliary of the West End Y.M.C.A. brought a response in socks, candies, canned goods, etc., valued at \$150. These will be sent to the Y.M.C.A. camp, in charge of Capt. W. A. Sharpe, near the firing line.

ACCEPT RESIGNATION.

Secretary of Boys' Work Committee
is Appointed to Y.M.C.A.
Military Staff.

At the regular meeting of the Toronto advisory committee of co-operation of the boys' work, yesterday afternoon, the resignation of Mr. Ed. D. Otter, secretary, was received and accepted. Mr. Otter has accepted an appointment on the military staff of the Y.M.C.A. and may soon be going overseas. J. P. Hagerman, secretary Toronto General Y.M.C.A., was unanimously appointed in his place.

KARN ORGAN FOR SALE.

An unusual organ bargain is offered by The Old Firm of Haintzman and Co. Ltd., Haintzman Hall, 195 Yonge street, in a genuine Karn organ, which sold originally for \$125, and will now be sold for \$55 on very easy terms. It has a five-octave keyboard and twelve stops, including Vox Angelica, Celeste, 16' sub bass, tremolo and bass compass.

High Schools Now Require
Much Increased Accommodation

At the meeting of the management committee of the board of education tonight the following recommendations for additional accommodation in the various high schools and collegiate institutes are made in the report submitted by G. A. Smith, senior principal of high schools: A proper gymnasium, art room and a biological room for Jarvis Street Collegiate; four additional class rooms and a new symposium for Parkdale Collegiate; reconstruction of the present gymnasium for the Malvern Collegiate and the completion of the assembly hall at the North Toronto High School. The latter school is also requiring the introduction of manual training and domestic science departments.

During 1916 the board of education issued 20,296 permits, 12,122 being for the use of buildings only and 8,174 for grounds.

Business Judgment

Court records show many men, successful in their own business, who have signally failed as executors of estates which called for business judgment beyond the range of their personal experience. Executors demand diversified business ability.

Appoint this Company Executor of your Will. The settlement of your estate will thus obtain the benefit of the judgment—not of one man, but of a group of men, of long experience in widely dissimilar estates.

THE UNION TRUST COMPANY, LIMITED

TEMPLE BUILDING, TORONTO.

WINNIPEG, MAN. REGINA, SASK. LONDON, ENG.
