NEW-BRUNSWICK & NOVA-SCOTIA LAND COMPANY. From Skeffield, Yorkshire, England

THE NEW-BAUNAWICK and NOVA-SCOTIA LAN COMPANY having been long since incor-ated by Roy J. Chaster, with a Capital of £200.0

I. COMPANY having been long since morpoint of 2:200,000 terking, with a Caputal of the Province of the Province of the Arown the Rivers 9 Soint John and South Weat, Miranichi," have been quictly an instentiationsly improving a large partial through the term of the Rivers 9 Soint John or software it. The improvements consist of a fin me of Head, cut and new cravelled upon, directly through what may be termed the Valley of the Nashcank, to the Company's new Town of STARLED through the constructed a SAW MILL of gree mover, with Circular Saws, capable of producing ever isorities and the task hortest for its and the the state in the most approved resetting power, and the best an inest Grante and French Barr Stones introduced that the State Form of that the order the structure of the State are then best and the the state and shortest for the state and a French Barr Stones introduced that the State Form of State are the state and shortest for the state and state and the best an inest Grante and French Barr Stones introduced that the State and State and the thest and state and the base and a state and state and state and state and state and the base and a state and the task at the state and state and the state and the state and the state and state at the state and state at the state at the state at the state

The hold approximation of the produce of his Earn rea-inear Granute and French Burr Stones introduced; a that the Settler may have the opportunity (will-ierod serviceshie at the least possible expense. The Tows of Stanley, deligatually situated on the anks of the leantiful River Nasawaak, offers every devotage and inducement, both trom situation and availance of its soil, for immediate increase of popu-tion. Genthemen of Wealth from England having fro dy fixed their location there, their Bailding-dowing at once a colticated taste and certain satio-action of huter success: a Tavent, a Blackmith's Slop, and many Houses have been created by the Company, most of which are now occupied or in corres is a state of calibration there, the satis-ies of the sould be the state of the satis-con the equality and heppy results produced by only adminer having a drag of the produced by only adminer having a drag of the produced by only adminer having a drag of the produced by only adminer having the state of calibration of the nature of the oil, as d a proper mode of Agriculture. The which line of Mooal, from its commencement to the South West, Miranichi, offers every inducement to Settlement, on having the divide which are inholi-ted, so that the Traveller will find accommodation at the most reasonable rate. The steady and pervec-sing Emigrant will find that every attention will be rate in the very necessary facility iven him to render ais new undertaking as helt and pleasing as the Com-pany's interests may justly and birly warrant. The price of the Lood will as a matter of course, varytecording to situation, but none will be likely than there Solilings currency, or The Sillings-sterling per Acre for the present Season, (Town Lots with the Section the present Season, (Town Lots with every information about which will be rea-dly and therefully communicated by the Company's Agout at Frederictur. The strice of the Location Ticket of Poscession will be gircen, the other four-fitths by annual Instah-ments; but should t
