TURKISH OFFICIAL ALLOWED TO REMAIN

Washington, April 28.—Abdul Hak Iusein Bey, charge of the Turkish embassy, has appealed to the state department not to compel him to leave the country with the other Turkish and Austrian officials, as the result of breaking off diplomatic relations, giving as his reason the health of his wife. The department has ruled that he will not be compelled to leave at this time.

MY TIRED FEET

ACHED FOR "TIZ"

Let Your Sore, Swollen, Aching Feet Spread Out in a Bath of "TIZ"

Just take your shoes off and then put those weary, shoe-crinkled, aching, burning, corn-pestered, bunion-tortured feet of yours in a "TIZ" bath. Your toes will wriggle with joy; they'll look up at you and almost talk and then they'll take another dive in that "TIZ" bath. When your feet feel like lumps of lead—all tired out—just try "TIZ". Its grand—its glorious. Your feet will dance with joy; also you will find all pain gone from corns, callouses and bunions.

There's nothing like "TIZ". It's the only remedy that draws out all the poisonous exudations which puff up your feet and cause foot torture.

Get a 25 cent box of "TIZ" at any drug or department store—don't wait. Ah! how glad your feet get; how comfortable your shoes feel. You can wear shoes a size smaller if you desire.

SHACKLETON ON WAY HOME TO ENLIST

New York April 28.—Sir Ernest Shackleton, the Antarctic explorer, is going back to England to enlist in the army in France. He so announced on his arrival here today from the west to take a ship. Sir Ernest recently arrived in San Francisco from Chile, where he went after completing his Antarctic expedition, begun in 1914.

With the Fingers! Says Corns Lift Out Without Any Pain

Sore corns, hard corns, soft corns or any corn can be shortly be lifted right out with the fingers if you will apply directly upon the corn a few drops of frezone, says a Cincinnati authority. It is claimed that at small cost one can get a quarter of an ounce of frezone at any drug store, which is sufficient to rid one's feet of every corn or callus without pain or soreness or danger of infection.

The new drug is an ether compound, and while sticky, dries the moment it is applied and does not inflame or even irritate the surrounding tissue.

This announcement will interest many women here, for it is said that the present high-heeled footwear is putting corns on practically every woman's feet.
