

GERMANS WORSE THAN THE BARBAROUS SAVAGERY OF DERVISHES OF SUDAN

Lord Kitchener Declares the Charges of Inhumanity Have been Proved Beyond Doubt

London, April 27, 9 p.m.—The British parliament occupied itself today with discussions on the treatment of British prisoners of war in Germany.

Lord Kitchener's speech in the house of lords, in which, as a soldier, he said he lamented what he was convinced was German inhumanity toward British soldiers, was the most notable expression of the day.

Lord Kitchener's speech in the house of lords, in which, as a soldier, he said he lamented what he was convinced was German inhumanity toward British soldiers, was the most notable expression of the day.

GERMANY WILL BE MADE TO PAY.

London, April 27.—Winston Spencer Churchill, First Lord of the Admiralty, explained Great Britain's policy in the matter of the treatment of German sailors captured on board submarines in the House of Commons this afternoon.

Mr. Churchill also made reference to Germany's answer in this matter. Continuing, the first lord said: "It is necessary publicly to brand this form of warfare and prevent it taking its place among the methods open to belligerent nations."

DOES YOUR STOMACH CONTAIN A GLASSFUL OF ACID?

90 Out of 100 Dyspeptics Have Dangerous Acid in Their Stomachs, Which Must Be Neutralized if Good Health is to Be Maintained.

If you find a teaspoonful of hydrochloric acid in your mouth for only a second you would not be surprised at its burning and inflaming all the tissues; yet an eminent specialist states that 90 out of 100 dyspeptics go about with an excessive amount of this powerful acid in their stomachs, and then wonder what they suffer the discomfort after meals.

It is not surprising that specialists say acid stomachs are dangerous. This decidedly dangerous and uncomfortable condition can be overcome either by following a strict diet or, and this is far easier and more quickly effective, by taking a teaspoonful of bicarbonate of soda in a quart glassful of water at intervals to neutralize the acidity. The latter course is much more satisfactory because it corrects the acidity and banishes discomfort without any need for diet.

THREE ST. JOHN NURSES THERE

Good Report From New Brunswick Ward—Major Frank Magee's Success

An interesting letter from Col. A. T. Shillington, O.C. No. 2 Canadian Stationary Hospital at Le Touquet, France, to Mrs. E. A. Smith, registered nurse, Chapter, I. O. D. E., received yesterday, brought the news that the New Brunswick ward in the hospital was doing splendidly.

The letter follows: "I am writing to you to thank you for the money according to your instructions as near as possible. Of course in the purchase of anesthetics and requisites of this kind, we cannot confine their use to one ward. We will not forget to let patients from New Brunswick know what you are doing for their comfort when they are sick and wounded."

I now have Sister Parks from St. John as well as Sister Margaret Hare and Sister Dunville who are all doing very excellent work in the hospital. Sister Margaret Hare is particularly proud that so much is being done for us by New Brunswick.

I will write you again shortly and if I can get the photographs passed the censor, will send them along. We feel we have the best military hospital in France and will be very anxious to let you see the pictures. We have now treated about 1,800 patients and up to the present have only had thirteen deaths, and I am glad to say none of them were Canadians.

I made a trip up to the firing line Tuesday of this week, and visited Meriville, Neu-Berquin, Bethune and several small villages along the front of the trenches, and saw a great many thousands of the Canadians in their billets along the line.

Thanking you again for your interest in our work, I am, Yours sincerely, A. T. SHILLINGTON, O. C. No. 2 Canadian Stationary Hospital.

Out Boys Cheerful. Mrs. Smith also received yesterday a private letter from her cousin, Rev. Canon Almond, who was one of the five Anglican chaplains to go to the front with the first contingent and who also saw service in the same capacity in South Africa.

Rev. Canon Almond kindly offers to see that the Canadian get any comforts which may be forwarded through him. A portion of the letter follows: "Your letter of March 19 received this a. m., and I hasten to reply. I am in close touch with the whole of the Canadian force in the front line, and am particularly in touch with the 8,000 men. Any field supplies or comforts for the men addressed to—Major The Rev. Canon

WOUNDED MAN WHISTLED

Bevery and Sangford of British Tommies is Astonished

The following letter has been received by Miss D. Grover, Chelvey, Ont., from her father, Capt. L. H. Grover, of the 1st Battalion. He tells of the Canadian first experiences under fire, and how the Germans got the range of the trench and dropped about 100 shells in a circle of about 80 yards just back of their position. Little damage was done.

"That night we went out. On the way I heard a peculiar 'slap' very close to me. I saw the British sergeant-major at my side what it was. He said, 'Oh, nothing, and started to whistle a tune sofly. I remember my surprise when we were safely back to the city, and the sergeant-major showed me where the bullet had cut across the back of his raincoat, caused a slight flesh wound. The bravery and sangfroid of these men of England is marvellous."

"Our little battalion cemetery is slowly but surely becoming dotted with little crosses. The first of these was the first of the war, and never knew what happened him."

HON. WALLACE GRAHAM N. S. CHIEF JUSTICE Halifax, April 27.—Hon. Wallace Graham, senior judge of the Supreme court of Nova Scotia, has been appointed chief justice of the province of Nova Scotia, succeeding Sir Charles Townshend, who retired from the bench a few weeks ago.

A Physician's Opinion

A physician who uses Grape-Nuts in his family was recently asked his opinion of this food. He said:

"It is a concentrated, palatable, nourishing and healthy food. Sweetened slightly and moistened with good rich cream, Grape-Nuts makes a very toothsome dish."

There's a reason for these excellent qualities in Grape-Nuts. This food is made of whole wheat and barley, thoroughly baked and processed to render it easily and quickly digestible—generally in about one hour.

Grape-Nuts contain all the rich nutriment of the grains, including the phosphorus, iron, sulphur and other mineral elements so necessary for proper nourishment of body and nerve cells. It's a healthful food, and economical also.

"There's a Reason" for Grape-Nuts
