## How To Swim

By LILLIAN CANNON

BEGINNING OF A SWIMMER STROKE

WHEN one has become proficient in the dog-paddle, swimming will be made easy. It is a basis upon which the swimmer may always fall back if the other strokes are too hard. Don't try to swim the harder strokes all at once. Take it easy. Start with the dog-paddle and as the left hand goes downward roll over on the left side, and instead of thrust-

ing the right hand straight forward bring it clear of the water and over the shoulder, striking the surface of the water palm downward. Bring it downward and backward as in the dog-paddle, rolling over toward the right in the operation. In this one has the beginning of a swift stroke which will throw the body forward easily and rapidly.

## CANADIAN WINS

WATERLOO, N. Y., July 29.—The "Acadia" of the Royal-Canadian Yacht Club, of Toronto, sailed to an easy victory this afternoon in the first race of three to be run off for the George Cup, international trophy awarded each year to the championship class R yachts on Lake Ontario. The "Acadia" of Rochester was second, and Katha II, of the Crescent Yacht Club, defender of the cup, was last.

## Swimmer Beaten By English Channel

BOULOGNE, July 29.—The English Channel has defeated Farstad, the Norwegian swimmer. Farstad started at 10.43 o'clock yesterday morning, at Cap Gris Nez, to swim across to Dover, England, but was forced to give up the attempt at 3 o'clock this morning. Farstad, who is a policeman, gave up a mile and a half from the English coast, when rough water made swimming impossible. His performance is considered one of the most remarkable in recent channel history, for he entered the water without grease, goggles, or the head-cap usually deemed indispensable in such efforts. Lieut.-Col. Bernard C. Freyburg, who last year came within 600 yard of swimming the channel, did not start last night as planned, a northwest wind having made the sea very choppy. Col. Freyburg is a Victoria Cross man.

## NO CHANGE IN NATIONAL RACE

Pittsburg Still Leading by Good Margin—Mighty Ruth Strikes Out Three Times

NEW YORK, July 29.—The situation at the top of the National League remained unchanged yesterday, with Pittsburg topping the Giants the second time, 6 to 0, and Cincinnati turning back Brooklyn by a close margin, 4 to 3. Meadows gave the Giants only five singles, while Lague struck out nine Dodgers and was well supported by the bats of his mates.

Little progress could be made by the St. Louis Cardinals, as they dropped the first game of a double-header to Philadelphia, 6 to 3, and won the second, 5 to 4. Cy Williams' homer, with two on, accounted for the Phillies' conquest, while Keen did some excellent pitching in the final inning to win the second contest.

**AMERICAN LEAGUE.**  
Cleveland tightened its grip on second place in the American by stopping the Mackmen in two games, 5 to 2, and 2 to 0, but gained only half a game on the speeding Yanks, who again defeated St. Louis, 3 to 2. Great pitching by Leaven and this gave Cleveland its victory, this permitting only one man to reach second base in the second game.

Paschall's home run was the margin of the Yankees' conquest, the great south striking out three times. Shocker hurried handily and doubled in the

## Three Condemned To Die Seek Clemency

WASHINGTON could mould only six caskets from the service of Fabel and succumbed 3 to 2. Johnny Mostil, of the White Sox, got three singles and stole two bases.

Ruffing held Detroit to four hits, and the Red Sox won their second straight of the series, 5 to 4.

## Kreistler Protests Execution of Pair

BERLIN, July 29.—Fritz Kreistler, world famous violinist, is among those signing a petition protesting against the execution of Sacco and Vanzetti, American radicals, sentenced to die for the murder in connection with a mail robbery in South Braintree, Mass. Others on the petition include Count Von Bernstorff, Ambassador to the United States prior to American entry into the World War; Maximilian Harden and Max Reinhardt.

## Two in Three Undernourished

What did our health experts tell us after their investigations of Saint John school children? That two-thirds of them were undernourished! Now you can't say that many children belong in homes unable to provide for them. Likely most of them live in comfortable homes. It well may be they are overfed on some foods and underfed on others. But the basis of their diet would become safe and sane if a goodly helping of Robinson's Health Breads were served at and between all meals.

**Circus Throng Sees Performers Injured**

CHICAGO, July 29.—"Is Maude dead?" "Is Frank all right?" These were the faintly whispered words of husband and wife—The Dard-devil Cromwells—in a brief moment of consciousness after they had fallen 60 feet from a trapeze under the big canvas top of Ringling Brothers.

Frank and Maude were seated on the swing preparing for a series of aerial feats when the iron hook by which their trapeze was suspended snapped. Mrs. Cromwell plunged downward, her husband instinctively caught at a rope and reached his other hand to her. Their fingers touched for an instant and then they fell, together, to the ground. Both were dangerously injured.

They had been together in the circus for more than 20 years.

**Big Timber Shipment Comes From Vancouver**

QUEBEC, July 29.—Three million, seven hundred and forty thousand feet of board timber from British Columbia, considered a record shipment, has reached Arvida and will be utilized for the construction of the new town. This timber was shipped on board the S. S. Eleston from Vancouver three months ago. The cost of the shipment by water alone was \$55,500. And for 60 days a gang of 22 men working in two shifts were engaged in unloading the large cargo. From Port Alfred to Arvida, a distance of about 80 miles, the timber was transferred by 241 freight cars. The greatest part of the timber will be used for the construction of the dwellings, where a population of 10,000 is expected to be residing within the next three years.
