WORD OF CATTLE FROM HERE.

The secretary of the board of trade was advised this morning that a shipment of 400 head of cattle would be made through this port early in Decempler. He wired the department of trade and commerce at Ottawa, advising them of this fact, and calling attention to the need for haste in the provision of adequate shipping facilities, which project has been under consideration by the department for some time.

Just before adjournment at noon a suggestion was made by M. A. Kelly of Campbellton, that the convention consider the growing necessity of having both French and English languages target generally in the public schools of New Brunswick. No resolution was introduced and no action taken before the convention adjourned for lunch.

A motion to eliminate review of the work of grades six and seven from the high school entrance examination was defeated.
