GARDEN CAFE - ROYAL HOTEL

That's the Plug

Champion

HALF AGAIN AS MUCH RESISTANCE TO CURRENT WHEN HEATED

Three thousand four hundred and forty-nine experiments, ten years of unremitting laboratory work—and then came the startling results of Experiment 3450. You may now be virtually certain that the insulator of your Spark Plugs will never break from sudden change in temperature.

Champion Insulators have always stood up well under temperature changes. But **Champion 3450 Insulator** has Three Times the Resistance to extreme temperature variation compared with the best previous insulator.

Always Dependable, Champions are now Super-Dependable. Insist on Champions for your motor. See that Champion is on the insulator as well as on the box. See our Market Square window.

STORE HOURS:—8 a.m. to 6 p.m., Close at 1 p.m. Saturdays. Open Friday evenings till 10 o'clock.

ARRANGE FOR DINGHY RACES

Series of Five to Be Held Under Auspices of R. K. Y. C. — First Will Be at Westfield on Saturday.

Arrangements have been completed to sail the first of a series of five dinghy races under the direction of the Royal Kennebecasis Yacht Club, the first race to take place at Westfield on Saturday, August 21, starting at 3.30 p. m.

The growing popularity of this one design class promises very keen competition. Several new boats have been added to the fleet this year and so far have not been matched against the old timers. Their ability to stand the pace of the proven fast ones will be decided in Saturday's race.

These boats are all fourteen feet over all and carry approximately 140 square feet of sail. There is no time allowance, all boats starting together.

Already seven entries have been secured and a few more are expected before the entries close with H. W. Heans, P. O. Box 675, city, on Friday, August 20, at 5 p. m. Those already entered are the boats of H. R. Dun, E. N. Herrington, T. T. Lantalum, Howard Holder, Harry Webster, G. B. Heans and H. W. Heans.

The officials are—Starters, J. H. Kimball and I. B. Murray; judges, R. R. Cummings and G. A. Hilyard. The course is to be from Westfield wharf to Brandy Point, thence to Sand Point and finishing off Westfield wharf. This course will keep the boats in view from Westfield all through the race.

AMALGAMATION OF CITY FIRMS

Fowler and Campbell Axe Works — J. B. Mahony Applies for Vendor's License.

(Special to Times.)

Fredericton, Aug. 18—The name of The Josiah Fowler Company, Limited, has been changed to Campbell and Fowler, Limited, and the capital stock has been increased from $50,000 to $90,000. G. Wilford Campbell & Son and the Fowler Company, located in St. John, engaged in the manufacture of edge tools, etc., have been amalgamated.

Edgar J. Fox and Gilbert E. Dykeman, who have been doing business as Fox and Dykeman in Devon, have dissolved partnership. Joseph W. Dobson and George A. Bembridge, who have been doing business in Sackville as the Sackville Steam Laundry, have dissolved partnership.

Elvin R. Eden and Benjamin J. Miller, both of Lewisville, Westmorland county, have entered into partnership as Eden and Miller to carry on business as general merchants at Lewisville.

Rev. George A. Coffin of St. John, is registered to solemnize marriage in New Brunswick.

J. Benson Mahoney, corner of Union and Dock streets, St. John, has made application for a vendor's license under the prohibition act.

Albert MacFarlane, Hamilton G. Wadman and Edwin George Tuck, all of Moncton, have been incorporated as Moncton Orangemen Limited, with capital stock of $49,000 and head office in Moncton. The company is authorized to carry on business in real estate, amusements and other activities.

NOW MAKE TOUR OF NOVA SCOTIA

John Jackson Leaves With Son and Wife and Will Be Joined by Daughter and Family.

Mr. and Mrs. Alfred Jackson of Olympia, Washington, U. S. A., accompanied by Mr. Jackson's father, John Jackson, South Wharf merchant, left on the steamer Empress this morning to make an automobile tour of Nova Scotia. First they will visit Mr. Jackson's daughter, Mrs. Roy C. Fraser, in that province for a while and then, with Mr. and Mrs. Fraser and their son Jack completing the party, will return to St. John by automobile by way of Halifax and Truro. They will be home in time for the St. John exhibition.

Alfred Jackson left here fourteen years ago and this is his first visit home since then. He and his wife left Olympia in their automobile on May 1, and crossed the continent in a run which meant close to 7,000 miles of travel along the highways. They spent some time in the principal cities en route and their itinerary took them to Los Angeles, Chicago, Akron, Ohio, Niagara Falls, through Pennsylvania and on to Boston, then along the coast to Portland and Calais and St. John. They spent some forty-five days in actual traveling and their car averaged about 150 miles a day.

Mr. Jackson has been enjoying happy renewal of friendships here and Mrs. Jackson has already won many friends in her husband's native city.

Dinner in Honor of Warren L. Gray

About forty friends of Warren L. Gray, who has resigned as local manager for F. B. McCurdy & Co., tendered him a dinner at the Ben Lomond House last evening on the eve of his departure for Sackville where he will take over the management of a branch of the Provincial Bank of Canada. Urban J. Sweeney presided and in a happy speech expressed the regret of the assembly at the departure of Mr. Gray and extended best wishes for success in his new field of endeavor. Addresses of congratulation were also delivered by Leonard A. Conlon, E. J. Henneberry and Dr. E. J. Ryan. Mr. Gray responded briefly. The usual toasts were honored and an enjoyable musical programme was carried out. Particularly pleasing were solos given by Miss Marion Power, Miss Gertrude O'Neil and Miss Brady, who are spending some time at the house. M. T. Morris and D. D. Hill also contirbuted numbers.

SCOUTS WILL RETURN HOME ON FRIDAY

Many of the Boys Qualifying for First Class Badges

Several Interested Visitors at Camp During the Week — A Few Minor Accidents — The Court of Honor.

The Provincial Boy Scouts Camp situated on the Belleisle near Jenkins' Cove, is nearing a close and the scouts who have spent two busy and merry weeks at it will return to their homes throughout the province on Friday. Boys are in camp from Hillsboro, Moncton, Woodstock, Sussex, and St. John, numbering in all more than sixty-five.

The most striking feature of the camp has been the energy of the scouts in seeking the various tests and badges peculiar to scouting. Although the majority of the boys had not secured their second class badge on arriving in camp, practically every boy will have his first class badge when he returns home. Among the first class tests is one which requires the making of a camp kitchen. So many of the boys have constructed these kitchens in the ground that one side of the camp ground is virtually a plowed field.

One of the most popular badges is the pioneer badge. To secure this the scout has to build a shelter of boughs, a fireplace, a bridge, has to fell a tree properly and tie eight knots blind folded. The variety of design shown in the erection of the huts is most interesting and some of them would look like palaces to Robinson Crusoe. The swimmer and the rescuer badges are also very attractive to the scouts and each swimming parade finds some boys swimming fifty yards with their clothes on and then removing them without touching shore, or demonstrating the various recognized holds for rescue of a drowning person. In V. C. Timberley the boys have a splendid swimming instructor and have made wonderful progress in all lines of swimming and rescuing.

Each morning witnesses an impressive ceremony as the flags are raised and saluted with the campers arranged in the scouts horseshoe, and is followed by a repetition of the scout promise and law. At sundown as the bugle plays the retreat and the flags are lowered each boy and man comes smartly to the salute facing the flag. Over one hundred friends and parents visited the camp on Sunday and were present at the impressive camp service which was held in the afternoon. A recognized scout service, acceptable to all Christian sects, was followed, led by the camp director, H. O. Eaman. During the service Mr. (Bush) Estabrookes, who is assisting Mr. Eaman, spoke to the scouts taking up the ten scout laws in an interesting manner. Following Mr. Estabrookes, Senator Fowler addressed the boys briefly. On the previous Sunday a very welcome visitor to the camp was the Provincial Commissioner, A. C. Skelton of St. John. He spoke to the boys complimenting them on the camp.

A visitor who made himself one of the camp immediately on arrival, was Dr. Warwick, representing the Provincial Department of Health. He remained in camp for a few days and while there took a class in the public healthman badge later giving the boys an examination from which twenty-four emerged with success. The doctor gave an interesting informal talk about a camp fire one evening and expressed himself as pleased with the camp arrangements and programme.

The usual minor accidents consequent on a camp of this size have occurred and been dealt with, the most serious being a broken arm bone secured by Ronald Steeves of Moncton, which was noted some time ago. He was rushed to a dotcor after first aid had been rendered and returned to the camp where he has remained. He will have his arm out of the sling shortly and it is only a matter of time until it is quite normal. During the first few days of the camp sunburn was prevalent but by daily inspetcion it was kept down to a large extent and the succeeding days of fog and wind rapidly turned it to deep tan.

The scouts were deeply touched when Scout Edgar Adams was called home to his mother's deathbed, and are forwarding a letter of sympathy to their fellow scout.

Despite the unkindness of the weather man a splendid spirit has prevailed in the camp and boys from various parts of the province have united and formed firendships which are exceedingly valuable. Jokes and pranks of various kinds are the order of the camp and are given and received in a proper spirit.

Those who are not acquainted with the fundamentals of scouting will be surprised to hear that, although provincial directors are in camp, the real leadership is vested in a court of honor which consists of the camp director as chairman and seven boy leaders. This court has functioned with great success overcoming many difficult situations, and the spirit of the camp is largely due to its manner of dealing with the camp problems. The members are Mr. Eaman, Troop Leader Proctor, Sussex; Troop Leader G. Adams, St. John; Troop Leader E. Adams, St. John; Troop Leader D. Legate, St. John; Patrol Leader E. Jenner, St. John; Patrol Leader E. Sharp, Sussex, and Patrol Leader Robert Larsen, Hillsboro, these boys having been elected at the opening of the camp.

For the first class badge a scout must take a journey of at least fourteen miles on foot remaining out overnight. Many boys have completed this test going from camp to various points in pairs. They are provided with a small amount of food and cook their own meals and build shelters for themselves to sleep under. It is splendid training for them and a training which is most enjoyable.

PRIZE WINNERS.

The Prentice Boys held a successful garden party yesterday afternoon and last evening at the Pioneer Memorial Home, Wright street, and will continue it this evening. There was a good attendance last evening. A gate prize was won by ticket 225, prize $5, donated by F. L. Potts, M. L. A. Other prizes last evening were:—Ladies' bean board—Miss Baird, a jardiniere, donated by D. J. Barrett; men's bean board—Chas. Beers, a hat, donated by D. Magee's Sons, Ltd.; Ten pins—Chas. Biddiscombe, a box of cigars, donated by C. Baillie. The result in the rifle shooting was a tie between B. Logan and L. Fudge, and it will be shot off tonight.

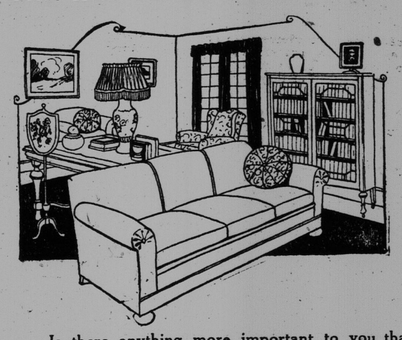
OAK HALL SCOVIL BROS., LIMITED 55-57-59 KING STREET

ONE HAS TO BE RICH TO AFFORD CHEAP FURNITURE



Furniture that is made "for a flash and to sell at a price" does not wear long. It becomes "wobbly," the joints open, the finish wears off, it becomes an eyesore about the home and must soon be replaced.

Then, if cheap furniture is bought the second time the same thing happens.

So you see how expensive it is to buy this cheaply made, flash-appearing so-called furniture.

A true artisan will not work in a factory where "plunder" is made. He takes pride in his work, visions the room and the home which is to be influenced by his handwork; pictures the pleasure and comfort it will bring the whole family—with the result that you get furniture that must be bought but once!

Is there anything more important to you than environment in your own home? We think not.

We will consider it a pleasure if you will let us plan with you—and this entails no obligation to purchase.
