Pale-Cheeked Girls Tired-Out Women Quickly Built Up

WONDERFUL RECORD MADE
BY NEW BLOOD-FOOD
REMEDY.

Certain Results Guaranteed.

Pale people have pale blood. In other words, the blood is watery and lacks red corpuscles. The stomach is weak. Assimilation is poor and food is not changed into blood. Naturally the system is robbed of vitality, lacks strength and reconstructive power. Don't slip from vigor into weakness. Don't allow the appetite to fail, but instead use Ferronose.

You're bound to feel rejuvenated and strengthened at once. Appetite is braced up, digestion is stimulated, vigor imparted to the stomach. Everything you eat is transformed into nutriment that supplies what your thin, weak system needs.

Vital, life-giving blood that makes rosy cheeks and dancing eyes—that's the kind that Ferronose makes. The strength and buoyancy that defies depression and tiredness, that's the sort you get with Ferronose.

Every pale woman can transform her bleached-out appearance with Ferronose.

Not only will it improve looks and spirits, but by rebuilding all weak, tired organs, Ferronose establishes a soundness of health that's surprising.

For women and girls who want to feel well, to look well, to be well, and stay well, nothing known in the annals of medicine is so certain as Ferronose.

Want you try Ferronose? Concentrated cure in tablet form, that's Ferronose, 50c per box or six for \$2.50, at all dealers, or direct by mail from The Catarrhose Co., Kingston, Ont.

ESTATE NEARLY NINE MILLIONS AND HALF

Great Fortune Left by John Manning—Children and Grandchildren Chief Legatees

New York, May 6.—The estate of John B. Manning, retired broker, who settled a breach of promise suit by the former Honora May O'Brien, his secretary, for \$100,000 after she got a verdict for \$225,000, and who died April 23, 1918, has been appraised at \$9,456,161.80 gross and \$8,294,090 net.

The chief legatees were his children, Joseph J. Manning, who got \$961,611; Agnes Manning Boe, \$1,070,646; Catherine Manning McKee, \$961,611; Mary Manning, \$925,142; John B. Manning, \$927,229; Daniel Manning, \$933,266. His grandsons, Robert Manning and Daniel Manning McKee, got \$986,511 each, and his granddaughter, Rita Manning, the same.

Mr. Manning gave the bulk of the remainder of his estate to relatives, and made the following charitable bequests: Apostolic Mission House at Washington, \$25,000; Catholic University of America, \$50,000; St. Vincent's Hospital and Society of St. Vincent de Paul, \$25,000 each; Cathedral College, \$15,000; Mission of the Immaculate Virgin, St. Francis Hospital, St. Joseph's Hospital, \$10,000 each; St. Joseph's Seminary and the Church of the Good Shepherd, \$5,000 each; Misericordiae Hospital, \$2,000, and Church of the Holy Trinity, \$1,000.

The administration expenses aggregated \$147,000 and the debts, \$209,258, which included \$38,354 as an underpayment on income tax in 1916, and \$50,000 for federal income tax for 1918. The payment for income tax in 1917 was \$119,089. The counsel fees were estimated at \$100,000.

The assets of the estate included real estate, \$149,500, of which \$112,500 was

the value of 184 West Thirty-fourth street, and \$37,000 for the decedent's residence at 81 Riverside Drive. He had cash aggregating \$199,667. The stocks and bonds were appraised at \$9,113,802. The largest bond holdings, which aggregated \$2,160,410, were \$464,286 Anglo-French Loan, \$192,441 French Republic Loan, \$202,460, New York Central debentures, and the following holdings of Liberty bonds: First Loan, \$155,896; Second Loan, \$808,231. He had \$210,129 of Virginia debt certificates.

The board of governors of the Boys' Industrial Home met yesterday afternoon at the mayor's office. Premier Foster was present and reported having visited the home last fall and found many needed repairs. He gave instructions that the work be proceeded with. At the meeting yesterday he presented a bill for an amount close to \$2,000, accompanied by a provincial government check to defray the cost.

NEGLECTED COLDS Lead to Consumption

Unless a complete cure is effected the inflammation passes rapidly to the throat, bronchial tubes, and then to the lungs. You can't make new lungs any more than you can make new fingers or a new nose—hence consumption is practically incurable.

But Catarrh can be cured, except in its final and always fatal stage.

Catarrhose

Guaranteed to Cure

The purest balsams and the greatest antiseptics are sent to every spot where catarrhal trouble exists—germs are killed, foul secretions are destroyed, nature is given a chance and cure comes quickly.

Colds and throat troubles can't last if the pure, healing vapor of Catarrhose is breathed—sneezing and coughing cease at once, because irritation is removed.

Use Catarrhose to prevent—use it to cure your winter—it's pleasant, safe, and guaranteed in every case.

Two months' treatment, bottle also guaranteed to cure, \$1; one month, 50c; sold everywhere.

LETTER FROM PRESIDENT OF POLICE ASSOCIATION

St. John, N. B., May 5.—After reading astutely in this morning's Telegraph made by the chief liquor inspector, from the pulp on May 4, it is very evident that the liquor inspectors are members of the police department with being in league with parties engaged in the illegal sale of liquor in the city of St. John. Now I would like to ask Mr. Wilson if he has any such charges to make against any member or members of the police department, to submit such charges in writing to me and produce the evidence thereof, and we will at once investigate the case, and if it is proven that the accused is guilty of taking any bribe or hush money from any party engaged in such business, or that any member has stolen any portion or portions of liquor which he has been detailed to watch, we will at once cease to hold him as a member in good standing in our society, and remove the same to the heads of the department.

I would further state that in consequence of recent developments among liquor inspectors it would be wise for the chief inspector to submit the members of his department to a thorough examination before casting reflection upon a department that has done its best in helping him to do his duty, inasmuch that two-thirds of the liquor cases coming before the court this afternoon, four were liquor cases with which the liquor inspectors had nothing to do.

M. COLWELL, President
Police Protective Association.

DISASTER THREATENS "MARITIME" INDUSTRIES

(Maritime Merchant.)

A question of profound importance to the people of the maritime provinces is under discussion at Ottawa at the time of this writing. We refer to the question of railway rates. A bill passed the House of Commons, which would bring the Canadian National Railways freight rates under the control of the railway board, but was sent back by the senate for amendment. The matter, as we say, is still unsettled.

Some months ago the Merchant drew attention to the fact that danger was threatening in this connection and that a number of maritime manufacturers were feeling some anxiety as to what might happen. The government railway of course is not an advocate of the change, but the other railways are pressing for it and presumably they are supported by industrial interests which would profit by any handicap that might be placed on "maritime" industries that may be competing for business in the Montreal market and further west. Our steel industry at Sydney and New Glasgow, our sugar refineries at Halifax and St. John and numerous other industries which must find a market west of their own provinces would be quite seriously affected if the proposed change were to be made.

The argument presented for the placing of the government railways under the control of the railroad board (which would mean placing the rates they may charge within the jurisdiction of the railroad board, and which would subsequently lead to a ruling that a mile is a mile wherever you find it) seems to be a very plausible and logical argument, but the people of Canada must take account of things as they are, not as they might be if the country were new and therefore in the making. These old provinces down by the sea are on the fringe of the continent and are handicapped from competition for overseas trade in manufactured goods, because they have to support a Canadian tariff.

They are quite willing to support this tariff, but if they do so, they want a fair chance to compete in the home field. Now, it is obvious to the man at Sydney making steel will find it difficult to compete in the Montreal market with the man at Hamilton in the same business, if it costs only about a third as much to make deliveries from Hamilton to Montreal as it costs to make deliveries from Sydney to Montreal, and the policy of the government railways in the past has been to put the man at Sydney in a position when he could compete with the man at Hamilton. All the leading boards of trade in the maritime provinces have entered a vigorous protest against placing the government railway freight rates under the jurisdiction of the railroad board and it is to be hoped that they will succeed; otherwise there will be great discouragement for industrial undertakings in the provinces down by the sea, particularly among the producers of heavy articles on which freight deliveries are an important consideration.

MANY PEOPLE REPORT BIG GAINS IN WEIGHT

HAMILTON MAN GAINS 32 POUNDS

Improvement of Former Postmaster Has Gained Thirty-Six Pounds.

Remarkable, indeed, is the statement made recently by G. W. Miller, of 202 McNab street, Hamilton, Ont., who declares that he has not only gotten complete relief from rheumatism and stomach trouble by taking Tanlac but that he has actually gained thirty-two pounds in weight besides. Mr. Miller was for twelve years postmaster and merchant at McNab street, Hamilton, and is highly respected throughout Southern Ontario.

"As a result of rheumatism and stomach trouble, I had fallen off to one hundred and fifteen pounds," Mr. Miller continued. "I now weigh one hundred and forty-seven pounds, which puts me beyond my normal weight, and I don't think I ever felt better in my life. I was so sick and crippled up that I had to sell out my business and get a man to take charge of the post office. My legs had perished away until they were no larger than my arms—I couldn't bend them—the leaders seemed tied in knots and hurt so I could hardly bend anything to touch me. I just could manage to hobble around by use of a walking stick. My appetite was all gone, and I just seemed to be slowly starving. Sometimes all I could take was a glass of milk, and even then I suffered."

"For several months I was under treatment, at a considerable cost, without getting any relief, but my improvement on a few bottles of Tanlac has astonished all who knew of my awful condition. It seems that everybody I see asks me what I have done to gain so much weight, and make me look so much better. My appetite is so big now I can hardly eat enough to satisfy me, and I can eat anything—meats and all kinds of vegetables—and nothing hurts me. I was badly constipated, too, but by using Tanlac I have been relieved of this trouble. The rheumatism has all gone out of my legs. I don't have to use crutches any more. I can walk any place I want to go. My legs are getting back to their regular size, my muscles are getting different in my every way. Of course, I owe my present good health to nothing but Tanlac and am glad to make a statement that will help others who may be suffering like I did, for I honestly believe Tanlac will help them."

"I have just finished my third bottle of Tanlac, and have gained twenty-seven pounds," was the truly remarkable statement made by Mrs. Charles Peden, residing at 55 Mill street, Huntsville, Ala.

"When I commenced taking the medicine," she continued, "only weighed ninety-eight (98) pounds; now I weigh 125 pounds, and never felt better in my life. For years I have suffered with a bad form of stomach trouble, constipation and indigestion, and living at times the pains took the form of torture, and I was twice examined and each time was told that I had appendicitis and that an operation would be my only hope."

"I had made all preparations for the operation and called in my sister to tell her good-bye, as I did not know whether I would live to see her again or not. My sister begged and pleaded with me not to allow them to cut on me, and told me to wait and try a good tonic for a while. The next day, as I returned from the consultation room, I thought of what she said, and as I had heard so much about Tanlac I decided to try it, and got a bottle."

"I never returned for the operation, but just kept on taking the Tanlac. Right from the start I began to feel better. The medicine seemed to take hold right at once."

"I was so happy over the wonderful improvement in my condition that I sent for my neighbors to tell them how much better I felt. I sent and got another bottle of Tanlac, and have just finished taking my third bottle, and feel as if I had been made all over again into a new woman."

THOUSANDS OF THIN, FRAIL PEOPLE ARE RESTORED TO HEALTH AND GAIN RAPIDLY IN WEIGHT BY TAKING TANLAC.

One of the most noteworthy features in connection with the introduction of Tanlac, and the one that stands out more prominently than any other, perhaps, is the very large number of well known men and women from all parts of the country who have recently reported an astonishing and rapid increase in weight as a result of its use.

When so many well known people of unquestioned integrity make statement after statement, each corroborating the other, the truth of such statements can no longer be doubted.

Thousands have testified that this famous medicine has completely restored them to health and strength, after every other medicine and the most skilled medical treatment have failed.

One of the most remarkable cases on record is that of Mrs. Charles Peden, of Huntsville, Ala., whose statement appears below. Mrs. Peden, according to her own statement, gained twenty-seven (27) pounds in only a few weeks' time, and her case has created a widespread interest over the entire country. She is reported to have received over eight hundred (800) letters regarding her statement since publication.

Hundreds of others almost as remarkable have recently been received, several of which are also published below.

SALT LAKE MAN GAINS 20 POUNDS

Frank Curry Declares He Feels Thirty Years Younger Since Taking Tanlac.

Frank Curry, who lives at 318 Polk street, Salt Lake City, Utah, and is known throughout the city as an expert baker, declared recently that he has actually gained twenty pounds by taking a few bottles of Tanlac, and that while he is now past sixty years of age, he really doesn't feel a day over thirty. His complete statement follows:

"The way this Tanlac has restored my health and built me up is beyond explaining. In fact, I wonder myself how any medicine could do anybody as much good as it has me. Five years ago, when I realized my system was getting all run down and I began to feel so depressed, I started out to find a remedy to relieve my condition. Well, I tried numbers of things that were recommended, but continued to get worse instead of better. So about two years ago I began to have intense pains from my shoulders on down into my hips. My back became weak and my kidneys and bladder got so deranged that I lost control to a great extent. I suffered so I could lie on either side, and between constantly being disturbed by my kidneys, extreme nervousness and misery, I could never sleep more than an hour or two at night, and then I had to lay on my back to get any ease or rest at all. My liver was in bad shape; I was badly constipated, and I often had severe dizzy spells. My stomach couldn't digest anything; my food formed lumps of gas and uric acid, and my right side hurt me all the time. In fact, I was in pain every hour, day and night, and besides this I felt sluggish, tired and no account all the time, and unfit for anything."

"I saw where Tanlac was doing so much for others that I decided to see if there was anything in it for me. So on December 15th I got my first bottle, and after using it for several days I noticed the pains in my arms, back and other parts of my body were leaving me. Then my kidneys got better and my nerves got in a perfectly normal condition. My kidneys never bother me now. I sleep all night like a log and am full of new life and energy. I really feel thirty years younger, and you can imagine my surprise when I got on the scales and found I had actually gained twenty pounds in weight. I consider Tanlac to be the greatest of all medicines, for what I have gotten from it is beyond my words to express."

So on December 15th I got my first bottle, and after using it for several days I noticed the pains in my arms, back and other parts of my body were leaving me. Then my kidneys got better and my nerves got in a perfectly normal condition. My kidneys never bother me now. I sleep all night like a log and am full of new life and energy. I really feel thirty years younger, and you can imagine my surprise when I got on the scales and found I had actually gained twenty pounds in weight. I consider Tanlac to be the greatest of all medicines, for what I have gotten from it is beyond my words to express."

"I saw where Tanlac was doing so much for others that I decided to see if there was anything in it for me.
