A

### RESOLUTION CONCERNING SEMINARY.

*Whereas*, The N. B. Baptist Educational Society was founded to provide instruction in the higher branches of education, under religious influences, and

*Whereas*, The Society for some time has not had in operation a Seminary, but has its funds invested and bearing interest, and

*Whereas*, The demand for educating our children under christian influences, is now with us an imperative necessity ; therefore

*Resolved*, That this Association expresses its firm belief, that the time for the N. B. Baptist Educational Society to resume its work, of providing a Seminary for our sons and daughters, has fully arrived, and we urge it to take such action to effect this end, as it shall deem wisest and best.

W. T. COREY.

### REPORT OF COMMITTEE ON EDUCATION.

Your Committee on Education, report that it affords us, as an Association, much pleasure to be able to report that Acadia College is still doing an educational work for our denomination not surpassed by that of any other denomination, or any Provincial University in these Maritime Provinces. It needs, and always will continue to need more money and men, in order to meet the increasing demands of this progressive age.

Horton Academy is still doing a good work, but it much needs an increase of patronage and means, in order to make it such a feeder of the college as is demanded.

Acadia Seminary has never before been so prosperous. The preceptress Miss Graves is winning golden opinions from her increasing number of pupils, and the school deserves all the good things said of it.

We are also glad to learn that the Theological department is being better patronized, and we would urge all our licentiates to avail themselves of the advantages it supplies.

Your Committee further recognize the fact that next year will be the Jubilee year of the N. B. Baptist Educational Society. We therefore heartily approve of the resolution already submitted to this body, urging the Society to resume the work of sustaining an academic school in this Province.

HERBERT FOSHAY, CHAIRMAN OF COM.

### REPORT OF COMMITTEE ON OBITUARIES.

DEAR BRETHREN,—Your Committee on Obituaries beg to report that we regret they cannot report the ranks unbroken, as was reported last year. God has taken from us Bro. W. A. Corey, one of the standard-
