THE ARAWA ARRIVES. The State of Affairs in Hawali -Advices from Australi

The Australian liner Arawa, Captain Stewart, arrived here on Saturday evening at 6 o'clock, after a rather long voyage from Australia, Fiji and Hawaii. She took her time on the passage and was a couple of days behind time. She lost some time at Cape Flattery passing the straits in the fog and running up age was uneventful and was attended as a rule by fair wether. The Arawa left Sydney on September 19, a day late, reached Fiji on September 25 and Hon-olulu October 5. In latitude 35 degrees north the bark Iron Queen, bound from Port Hunter for San Francisco, was

sighted, and asked to be reported. The ship brought a fair cargo of gen-eral freight, about 80 tons of which was for Victoria. In the freight was a specimen pile made of Australian turpentine wood, which is being taken to Vancouver as an experiment. It will it is said withstand the attacks of the teredo. The pile was sent by the forestry department of New South Wales.

On the passenger list appears the following names: T. McGill, Mr. and Mrs. Blaisdail, Mr. Pohlman, Dr. Howard

Captain Walters and family, F. B. Wil-liams, James Wisbart and E. E. Gilker-The last three named are Victoson. greatly and their stay in the paradise of the Pacific proved interesting.

'The Arawa left for Vancouver at 11 intended to place her in the dock at Sydney when she was there, but arrangements could not be made. Her bottom is covered with barnacles and she will be docked on arrival there this

BRITISH COLUMBIA COAL.

Its Use by the American Warships or the Pacific.

A Port Townsend dispatch to the Post-Intelligencer says: "The government has an agent, W. B. Dunning, coal in-

spector for the United States navy, in British Columbia, securing samples of foreign coal for naval tests. He chartered the British steamer Joan, and is visiting all the coal mines. The naval vessels in Behring Sea this summer used British Columbia coal, and so would the revenue cutters had not Washington's congressional representative made a vigorous protest to the treasury department and got an order passed authorizing cutgovernment." ters to use Whatcom coal. As a pretence to patronize United States coal

mines, the naval vessels when they de parted for the north filled their bunkers with Whatcom coal, but after their arrival in the sea they used Comox, B. C.

coal, of which five shiploads were sent to Unalaska.

> Tom, Dick and Harry. So far as we can learn, Tom has never distinguished himself and Harry's name is not a synonym for industry, but among stock owners Dick's Blood Purifier has brought him into high esteem. For horses and cattle it is invaluable. It strengthens the digestion, gives a good appetite and turns a rough coat into a smooth and glossy one. Dick's Blister cures Spavins, Curbs, Ringbones, etc.

How to Get a "Sunlight" Picture. Send 25 "Sunlight" Soap wrappers (wrap-pers bearing the words "Why does a Woman Look Older Sooner Than a Man?") to Lever Brothers, Limited, 43 Scott street, Toronto, Ont., and you will receive by post a pretty picture, free from advertising and well worth framing. This is an easy way to decorate your home. The soap is the best in the market, and will only cost ic postage to send in wrappers, if you leave the end opea. Write your address care-fully How to Get a "Sunlight" Picture.

The Duchaffault succeeded, products, and also to trade in stocks, with the help of another steamer, and after great difficulty in bringing the Ringarooma off two weeks later. The Sydney papers speak very highly of the courtesy of the French man-of-war, as had rough weather come on before the rescue the Ringarooma would have been a total less. Sir Henry Parkes has given notice that he will move on September 13 in the New South Wales legislature: "That in view of the rapid growth of Australia same either in money or by allotments of in the elements of national life, and the shares in this company and for the pay-number of questions arising out of that ments of any monies due for salaries or growth which can only be dealt with adequately by a national legislature, it is in the highest sense desirable that

USED THEIR CLUB.

New York's "Rotten" Police Force Get Even on Women and Children.

New York, Oct. 13 .- The assemblage of cloak makers in Rutgers square last night preparatory to their parade and mass meeting, was marked by indiscriminate clubbing by the police of Madison street station under the command of Captain Grant. Revolvers were drawn and shots were fired in the air. 'Three times the gathering was dispersed. The square was the scene of a riot until Superintendent Byrnes' permit to parade arrived. Even then the struggling and jostling continued. Women and children were treated alike. The parade was divided into two sections. The first got

off without interruption, but the second, headed by Joseph Barondess, was stop ped by the police of Elizabeth street sta-tion. Barondess was arrested and detained until the sergean! in charge had communicated with police headquarters and ascertained that the parade was authorized by the superintendent.
