TWIN ROOTS OF EVII.

We also affirm that poverty is the primetical cause which makes men vile, deceiful, fraudulent, thieves, intriguers, vagabonds, victous, false witnesses, etc., and that riches are the cause of pride, of ignorance, of treachery, or presumption, of deceit, of vainglory, of exotion, etc. and the community that there should be rich and poor. Men will be rich when they have what they really want, and this state of things can easily be attained. In speaking of the effect of the Panama Canal upon British Columbia, the London Times says, 'British Columbia and all the coast will emerge from the glacial period of arrested development. From our own country and from Europe laborers will be supplied in far greater numbers for the development of natural resources by Panama.' Does the Times not know that every city of the coast has thousands of unemployed seeking work and that the Dominion government has forbidden immigration into B.C. save from east-ern Canada? The Times no doubt deliberately lies. It knows of the tremendous unemployment in Britain and so spins fairy, tales of work in Canada. If feeds the unemployed on hope.

Nineteen boot and shoe factories in Quebec city have declared a lockout of two thousand workers. A foreman in one of the shops dismissed a union man. The workers in that shop struck to prevent their companion being victimized. Then the nineteen firms in the Boot and Shoe Manufacturers' Association declared a lockout and refused to admit any worker who would not sign an individual contract to work for a vear at a certain wage. The class lines are being drawn closely, these days.

85,000 Workingmen Watch B. C. Window for This Cut

The combined workingmen's organizations under the B. C. Miners' Liberation League have decided to issue a business card as a means of determining the sentiments of the business element and citizens of B. C. in regard to the situation affecting the miners of Vancouver Island. The League believes that the miners now in jail have already suffered more than enough, and believes also that the great body of business men are of the same opinion.

Business men who favor the release of the imprisoned miners can best express their sentiments by getting a card from the authorized agents of the League. Duly attested credentials are furnished each representative.
