Christian Scientists in Session-Visitors From the Maritime Provinces - To Celebrate Coronation Day-The Lumber and Fish Markets

(From Our Own Correspondent.) BOSTON, June 15 .- The citizens just now are devoting their attention to the celebration of the anniversary of the Battle of Bunker Hill on Tuesday next. As usual, Charlestown will be en fete, and will be invaded by a vast array of visitors. Although the day is not le-gally a holiday, practically all busi-ness will be suspended throughout the

city and vicinity. Christian Scientists, devotees of the celebrated cult founded by Mother Eddy, representing all parts of the United States and several foreign countries, were much in evidence here today. They came to the city on their annual pilgrimage to derive new in-spiration at the "mother" church, as the First Church of Christ (Scientist) in this city is called. A perusal of the list of names registered shows that Mother Eddy has some following in the maritime provinces, for among the names of the visitors appear the fol-lowing: H. S. Moir, W. C. Moir, Mrs. A. J. Moir, Mrs. Annie K. Huntley,

Mrs. Nellie E. Archibald, Truro, N. S.; Miss Blanche S. Shannon, Mrs. Lily J. Bennett, C. W. Pearson and Mrs. Pearson, Halifax. The other provinces of Canada, with the exception of Prince Edward Island, sent a large number of

delegates. The arrangements for the observance of the coronation in Boston are progressing favorably, so the various committees in charge announce. Lieut. Col. Alex. Graham of the British Naval and Military Veterans has appointed as chief of staff on the parade of the veterans, Lieut. Col. Oakes of the Fifth Regiment Massachusetts Volun-teer Militia. Sir Adolph Caron, former-ly Canadian minister of militief will ly Canadian minister of militia, will represent Canada at the celebration, and will bring with him to Boston a detachment of Canadian militia num-

bering about seventy men. Secretary of the Navy Moody will be one of the prominent guests.

DEATH OF WM. HENRY FLEWEL-LING.

LING. Wm. H. Fleweilling, one of the oldest inhabitants of Kingston, Kings Co., died quite suddenly on Monday at 10 a.m., at the residence of his son, G. D. Fleweilling, Mr. Fleweilling was born at Upper Clifton in September, 1811, and for almost a century has been identified with the interests of his na-tive village. He married in 1835 Mar-garet Jane Puddington, and had a family of twelve, of whom nine sur-vive. In 1885 Mr. and Mrs. Fleweiling celebrated the 58th anniversary of their marriage, and three years later Mrs. Fleweiling died.

Mr. Flewelling died. Mr. Flewelling had enjoyed very good health and was enjoying a walk out of doors only an hour before his death. Naturally the blow came as a great shock to his family, as it will to a very large circle of friends. Beside seven daughters and two sons, he leaves thirty-six grandchildren and sixty-two great-grandchildren.

Disease attacks the little ones through the digestive organs. Baby's Own Tablets are the best thing in the world for all stomach and bowel troubles of children. They act quickly and gently, and always cure indigestion, colic, constipation and diarrhea. They are also a great help to teething children.

Mrs. C. W. Tefft, Markham, Ont., says: — "Up to the time my baby was a month old, he was a fine, healthy baby. Then indigestion developed and he grew thin and looked pinched. His tongue was coated, and his breath offensive. He vonited curdled milk and was also troubled with constipation. After taking his food he would always cry with pain, and although he always appeared hungry his food did him absolutely no good. He was very restless and sleepless and kept me up day and night. We tried several medicines but nothing did any good until we got Baby's Own Tablets. After giving him these he began to improve almost immediately. His breath became sweet, his tongue clean ; the voniting ceased ; his bowels got regular, and he began to gain weight and is now quite healthy and rosy. Baby's Own Tablets wrought this beneficial change, and I would not now be without them in the house."

Guaranteed to contain no opiate or harmful drug, Crushed to a powder they can be given to the smallest, feeblest child, with a certainty of good results. Sold by all druggists or sent post paid at 25 cents a box by writing direct to The Dr. Williams' Medicine Co.,

The residence of Emery A. Titus, of Tuesday evening, June 17th, was a scene of galety, the occasion being the tenth wedding anniversary of Mr. and Mrs. Titus. Their beautiful home was astefully decorated with cut flowers tasternily decorated with cut howers and potted plants. The invited guests numbered about 75, including some twenty from St. John. The bride of ten years ago was handsomely gowned in India musika, with chiffon and vel-vet ribbon trimmings, and received her guests with courteous grace and be-coming dignity, assisted by her husband and two youthful sons. Progres-sive anagrams formed the chief feature of the evenings' amusement, and was heartily indulged in by all. In the contest Miss Lily Rourke and Clinton Brown carried off first prizes, while the consolations were awarded Mr. and Mrs. C. F. Black. Refreshments were served at midnight. The bride was the recipient of a variety of beau tiful gifts, from the "tin whistle" to the most costly silver, all attesting to the esteem in which Mr. and Mrs. Titus are held. Many good wishes were showered upon the happy couple, with the hope that long life may be granted and many happy returns of their red.

The response to the appeal for funds to aid in the movement in opposition to the sale was decidedly weak. The meetings are held secretly, but beyond a few politicians, they have been at-tended mostly by business men inter-ested in the proposed steamship line to the Island of St. Thomas. The gov-ernment discountenances the anti-sale agination. Catarrhozone. An Instant Relief and Perfect Cure tonight is the possibility of college federa-tion between King's and Dalhousie. It is An Instant Relief and Perfect Cure for Colds, Coughs, Catarrh, Deafness, Asthma, Bronchitis, Lung Trouble and Consumption. Inhale Catarrhozone five minutes any ime and it kills a cough or cold in the head. Inhale Catarrhozone five minutes four times daily and it permanently cures Chronic Catarrh, Deafness, Asthment and upon the tone of the alumni meet-

ing depends to a considerable extent the re-sult of the governor's meeting. Nobody can safely predict the outcome of tomorrow's meeting. The feeling here is that there will likely be a majority in the alumni against federation and that the government on the other hand are in favor of it. What the opponents of federation hope and are work-ing for is that the alumni will pronounce so strongly against the proposals that the gov-ernors will feel they cannot disregard them. Many provides will be used and new members enrolled. During the last two or three weeks the enemies in King's College of uni-versity federation have been putting in much

hard work. Up to that time they seemed to be allowing matters to drift, but now the to be allowing matters to drift, but now the opposition appears to be very much alive, and tomorrow will see a big fight. It may be that the King's College authorities will compromise on the question. If the oppon-ents of federation find that they cannot de-feat it, they will then make a fight for post-ponement, asking that the matter be delayed for a year or for a longer period. There is a third party in this scene, mon like Judge a third party in this scene, men like Jud Hanington of New Brunswick, who are not in favor of federation, but who are radically in favor of federation, but who are radically and unalterably opposed to the present man-agement of King's College, and who would like to dismiss the whole faculty, and close up the college for five or six years. This they think would enable the college to hus-hand and accumulate its resources, making it ready in the future to resume work under new auspices and with an entirely new sys-tem of management and a new faculty. This afternoor's train brought in a contingent of alumni and governors, most of whom favor federation. Many more will arrive tomor-row morning.

The music was excellent, the pupils all ap-peared to be in perfect health, and in de-meanor and bearing, they won unqualified praise. The school is full, there being 70 boarders in residence, and the telling featurs is that seventeen old pupils came back from far distances to witness the improve-ment in the study, the Ablet system having been introduced. This means drawing by sight instead of by soy? Another feature is that drawings were sent to the Royal Drawing Institution in London, and the ex-numers returned 'high praise." The same novel feature was introduced with regard to sevening samples, which on being sent to Lon-don for competition, were swarded 'praise." Tonight the assuit-at-arms took place at the Collegiate school. This school has more pupils than ever before, in fast it is full to corflowing.
