He assured them that he would do his best to look after their interests.

AT LIBERAL HEADQUARTERS. A small but anxious and expectant crowd was gathered in Berryman's Hall at five o'clock and rapidly increased. A forecast of defeat seemed to dampen everyone's spirits, and the tinkle of the telephone made quite a alarm. Soen, however, the liberal spirits rose with a jump, a majority in Wellington ward being the stimulus. This was, however, short-lived, as a conservative majority of 117 from Lorne ward acted as a wet blanket to all. A few small majorities either way found little interest, but Guys gave another bad shock. Mr. McKeown entered the hall and received expressions of condolence from all present. MONTREAL, Feb. 16 .- St. John remains the great victory of the by-election campaign just ended, though two Ontario constituencies did nobly and increased the majorities given in 1900.

Four Quebec constituences remain unchanged. The result is a great disappointment to the party leaders, who had confidently reckened on carrying at least one of the seats. St. James division is a disappointment . The liberals left no stone unturned to bring out the vote, utilizing every influence at their disposal. The vote cast was: Gerwais, liberal, 3,211; Bergeron, conservative, 2,575; major-

ity, 636. In Hochelaga, the liberal victory is entirely due to the fact that the Grand Trunk railway influence turned the heretefore favorable vote of Point St. Charles into a madority of 301 for the sensation, but this was only a false liberal candidate. In every other division the conservative candidat showed gains, though Westmount, the English speaking portion, might have done better had the people turned out to vote more freely than they did. As it is the liberal majority was more than cut in half. The yete was: Rivet, liberal, 4,096; Bernard, conservative, 3,805. Given a fine day, the conservative candidate would have won in St. Hya-

Hon. J. I. Tarte refused to discuss the result. He felt very badly over it. election. Mr. Emmerson replied in ST. JOHN NEWS BAD BLOW TO THE GRITS.

> OTTAWA, Feb. 16 .- News of the great conservative victory in St. John was received here with acclaim by members of the party, and with deep chagrin by the liberals. That Dr. Daniel, who was credited in liberal circles here with being an unknown man, to convert a liberal majority of 997 into a conservative majority of 300 was something that they could not comprehend. Dr. Daniel's victory is looked upon as the death-knell of Emmerson's influence as party leader in New Brunswick, and Blair's successor. The liberals had counted with confidence on the capture of all the seats in to-

day's by-elections. Increased conservative majorities in two Ontario ridings and the reduction by hundreds in the constituencies in Quebes, sent cold chills down the backs of those here who prophesied certain defeat for the conservative party had general election been held. Consider ing that the government spared neither money nor effort to carry all the er money nor emort to carry all the ridings today, the result is most encouraging to the liberal conservative party.

MONTREAL, Feb. 16.-The majorities to hand are:

East Lambton, conservative, by 350. East Bruce, conservative, by 150. St. James, Montreal, liberal, by 636. Hochelaga, Montreal, liberal, by 301 St. Hyacinthe, liberal, by 195. Montmagny, liberal, by about 300.
