The will of D. F. Lambert, late of West Isles, was admitted to probate and letters testamentary thereof were issued to the widow of the deceased, George J. Clarke, K. C. proctor in both estates.--Courier.

A. C. Kennedy has a rose bush on which he counted fifteen hundred roses all in full bloom making a beautiful sight. The bush is of the crimson rambler variety.

We are informed that the four vared race, at the fishermen's picnic, was a draw, and the money was divided between the crews. Our report gave the race to the Leavitt crew, which it would appear was an error.

Tuesday, Wednesday and Thursday, September 28, 29 and 30 the county of Charlotte will hold its first exhibition, its first big agricultural and industrial fair and live stock show at St. Stephen. \$4,500 will be distributed in premiums. No effort is being spared by the different committees in charge to make the event a memorable one in Charlotte. A large building 100 by 55 feet has been erected, the trotting park has been secured and exhibitors may expect every accommodation.

Labour Day was quiet, most of the stores and granite mills were closed and a large number of people were out of town. Several picnic parties spent the day at the lake and a number of local disciples of Isaac Walton succeeded in landing some beautiful trout.

The Loundes Company, Toronto, manufacturers of the 20th. Century Brand Garments, have mailed an attractive magazine illustrating the styles for autumn and winter. Frauley Bros. are sole agents, in St. George, for this clothing.

The social hop given last Friday evening in Drageorian Hall was thoroughly enjoyed by all present. The Oak Leaf came across the bay from St. Andrews with a large number of young people, who aided in making the dance a merry one. Joseph Meating, Chas. McLennan and Harry Perry formed an efficient committee and Professor Mooney with his daughter Nellie furnished the music.

Phillips and Slack granite dealers of Northfield Vt. are enlarging their plant doubling the capacity of the present quarters. Frank Phillips is the son of Hugh Phillips of this town and has been in Vermont for some years. He has been very successful in his chosen field of labor and is said to be one of the best travellers on the road. He has been a member of this firm for seven years. The payroll now averages twenty five thousand dollars a year and will be doubled when the proposed extensions are completed. The building will be 439 feet in length divided into light and heavy furnishing rooms, surfacing, polishing and cutting rooms, with two modern travelling derricks, which will cover the entire length of the building. A boxing room and blacksmith shop will also be located north of the present building. It will require 125 horse power to run the plant.

CHALLENGE

CHAS. E. McCULLOUGH
Captain.

Word was received last week of the illness of Edward Murray in Northfield Vt., Miss Margaret Murry, trained nurse from Boston left at once for Northfield and writes that her brother has typhoid fever.

Mr. and Mrs. Charles Maxwell celebrated the fifth anniversary of their marriage Tuesday. A number of friends assembled at their home and a very pleasant evening was enjoyed with songs and games. A number of presents were received by the young couple.

D. Bassen is having his store repaired. Capt. Joseph Bullock is in charge of the work.

A family reunion took place at the home of Mr. and Mrs. A. C. Kennedy on Sunday. All the members of the family were there including Mrs. Kent, Madley, Otto and Mrs. K. Hickey and children. Mrs. Hickey left for Cambridge, Mass. on Monday.

About forty boys and young men, brown and tanned, left last week for their different homes in the States. They were from "Camp Utopia" and for three months have been insuring in the open on the shores of beautiful Lake Utopia. The camp was the outcome of the efforts of Benjamin Brine, Eastern Manager for the great sporting house of Spaulding Bros. and a brother of J. W. Brine, owner of the McCready property at the lake. The camp has been a success and next year over a hundred boys will come. The satisfaction of the young people with their outing, and the location of the camp, is one of the most pleasing features of the venture. Every boy was delighted and every boy will do his best to return and bring a friend with him next year. The camp's success means much for the town. The circulation of money makes a town rich and the presence of a great number of strangers at the lake means money for the town. This year hundreds of dollars were spent, a dozen or more men and boys given a summer's work, not a day passed but a crowd of boys were in town, and they spent cash--everything was purchased from our merchants. This was good for trade. May the camp grow and may the hundreds be thousands in the years to come.

In a letter to Postmaster O'Brien the writer, who resides in Lee, Maine, and will be remembered by some of our older citizens, says:

"A portion of the years 1864 and 1865 I was in Magagnadavie and enjoyed myself very much. While there I worked in the shipyard for Ned Billings, Samuel Drake was foreman. I also worked in Johnson's yard at the head of the basin. Of course there has been great changes since then. At that time there were three mills manufacturing lumber, Gilmors, Hibbard and Bradburys. The hotel was kept by Daniel Campbell. James Moran and his father, Ned Lynott, James Lynott and others were the merchants at that time. If any one left who remember me kindly give them my regards."

Yours truly
C. H. WHITTEN.
