On Sunday next Exmouth street Methodist church will have completed sixty years of church work and the day will be a memorable one to both pastor and congregation as it marks an interesting epoch in the history of that congregation.

Special services will be held on Sunday, and an interesting programme has been prepared for every night in the week except Saturday.

The following Sunday will also be marked by services of a special character.

The committee on arrangements, composed of Messrs. E. E. Thomas, W. J. Magee and D. H. Melvin, has arranged the following programme for the week:

Sunday, February 4th—11 a. m., preacher, Rev. Geo. F. Dawson; 2.30 p. m., Sunday school service to be addressed by former superintendents; 7 p. m., Rev. Geo. F. Dawson.

Tuesday—Church social and reunion at 8 p. m.

Wednesday—Grand sacred concert and organ recital under the direction of D. Arnold Fox at 8 p. m.

During the past sixty years Exmouth street church has carried on its work surely and steadily and today it stands with a splendid record, of which all who have been and are connected with it have every reason to be proud.

With appropriate ceremonies the corner stone of the present edifice was laid on the afternoon of June 12th, 1856, before a large and representative gathering.

On January 30th, 1857, the church was dedicated, the late Rev. Dr. Richey preaching the dedication sermon. In 1864 the present parsonage was built by Contractor Michael Hennigar, chiefly through the efforts of the late Aaron Eaton.

The church became a separate circuit in 1867 and in 1872 additional class and school rooms were built. At that time the church was raised to the required height and a basement built which included the necessary apartments.

The following ministers have held the pastorate of Exmouth street church since 1855:

1855-8—Rev. Charles Stewart.
 1858-9—Rev. Wm. Wilson.
 1859-62—Rev. John Lathern.

Was Anaemic For Over a Year

Anaemia, or blood turning to water, is caused by the heart becoming weakened, and if the heart becomes weakened it cannot pump the blood as it should. As a result the blood becomes impoverished, and it loses its nourishing qualities. The face becomes pale and thin, and the lips bloodless. There is a weakness, tiredness and loss of weight.

When those suffering from this or watery blood start taking Milburn's Heart and Nerve Pills they can see a change from the outset.

Every dose introduces into the blood those vital elements necessary to make it rich and red. The pale cheeks take on the rosy hue of health, the weight increases, and the whole being thrills with a new life.

Mrs. R. J. Grey, Fredericton, N. B., writes: "When I was a girl working at general house work I overtaxed my strength and became completely run down. For over a year I was very bad with anaemia. A friend told me to try Milburn's Heart and Nerve Pills so I got a box and when it was done I felt and looked so much better I decided to get six more. When I had taken them I had gained not only in strength, but in flesh and color, and best of all was good health."

Milburn's Heart and Nerve Pills are 50c. a box; three boxes for \$1.25 at all dealers or mailed direct on receipt of price by THE T. MILBURN CO., LIMITED, Toronto, Ont.

SHIPWRECKED CREWS IN CITY YESTERDAY

Schooner Harry W. Adams Torpedoed by Submarine—Schooner Independence Abandoned at Sea—Crews Had Thrilling Experiences.

Two crews of schooners which met with disaster off Spain were in the city yesterday en route to their homes.

Members of the crew of the Nova Scotia schooner Harry W. Adams, which was torpedoed by a submarine, said: The Harry W. Adams, owned in Lunenburg, N. S., from which place the crew left, was torpedoed off Cape Finisterre, Spain, on December 2, at noon, by a German submarine, while bound for Corona for orders. The vessel had a cargo of fish, loaded at Newfoundland, and consigned to merchants at Bilbao.

The Nova Scotians were given only sufficient time to lower their boats and jump into them when the torpedo was discharged. A Norwegian steamer, a German prize, picked them up and finally put them ashore at Crena, Spain. They lost all their effects and money.

With Captain Fred Acker of the Adams are Mate Enoch Tobin and Seamen John Corney, Fred Clouse, Ken Spiddle, Roy Walters and Myles Sarter.

The crew of the Newfoundland two-master Independence abandoned their craft eighty miles off the coast of Portugal, December 19, when the vessel sprang a leak while bound home with a cargo of salt. They made land at Santa Paula after a thrilling experience in a dangerous sea. During the dash through the storm the boat was badly buffeted and the commander, Captain John Barrett, suffered a break in a small bone of his right leg. He was treated at a hospital in Lisbon with his men. The men are John Barrett, master; J. Sheppard, mate; E. Newsworthy, A. B.; Pat Adroux, cook; James Lanthorn, A. B.; schooner "Independence II."

ACID IN STOMACH SOURS THE FOOD

Says Excess of Hydrochloric Acid is Cause of Indigestion.

A well known authority states that stomach trouble and indigestion is nearly always due to acidity—acid stomach—and not, as most folks believe, from a lack of digestive juices. He states that an excess of hydrochloric acid in the stomach retards digestion and starts food fermentation, then our meals sour like garbage in a can, forming acrid fluids and gases which inflate the stomach like a toy balloon. We then get that heavy, lumpy feeling in the chest, we eructate sour food, belch gas, or have heartburn, flatulence, waterbrash, or nausea.

He tells us to lay aside all digestive aids and instead, get from any pharmacy four ounces of Jad Salts and take a tablespoonful in a glass of water before breakfast while it is effervescent, and furthermore, to continue this for one week. While relief follows the first dose, it is important to neutralize the acidity, remove the gas-making mass, start the liver, stimulate the kidneys and thus promote a free flow of pure digestive juices.

Jad Salts is inexpensive and is made from the seed of grapes and lemon juice, combined with lithia and sodium phosphate. This harmless salts is used by thousands of people for stomach trouble with excellent results.

time in the history of the British government, secretaries to the Cabinet have been appointed. Heretofore it has been the rule that no member of the Cabinet should take any note of the proceedings except the Prime Minister, who did so for the purpose of informing the King. The system was unbusiness-like and unsatisfactory in many respects, and the scope and complexity of the questions which have come up in connection with the war rendered a change imperative.

The secretaries who have now been appointed are as follows: Colonel Sir Mark Sykes, M. P., Colonel Sir Maurice Hankey, Captain L. S. Amery, M. P.
