

WAKE UP! ST. JOHN

Two Days Left in Which To Invest In

The World's Greatest Investment

VICTORY BONDS

Never has St. John had a better opportunity to show her fighting spirit than today. With the \$5,000,000 goal ahead and a trifle over half a million to be raised in order to reach the goal this grand old patriotic city looks with confidence to her citizens to put her in the list of loyal places that have met and passed their quota.

Two short days remain. Two days only in which you have the opportunity to get in on the best investment ever offered. Monday will be too late. The simple, safe and easy Bond Buying method of saving money will be a thing of history—a subject of sorry conversation and sad regrets. NO red-blooded person can afford to let the opportunity slip and it is safe to say none will.

Three Ways In Which You May Invest:

1. The denominations are \$50, \$100, \$500 and \$1,000. You may pay cash for your bond and there will be no interest charge. In other words the bond will cost you the par value of the bond.
2. The government has made it possible for you to buy a bond on a monthly payment plan which will be explained by the canvasser. This plan is: Ten per cent. with application, twenty per cent. in December, twenty in January, twenty in February and thirty odd per cent. in March.
3. Chartered banks and many other financial institutions will buy the bond for you and you may pay them back on a monthly payment plan which spreads the total amount over ten months.

**Now: The terms make it easy for you to own a Bond.
The Security offered is the Best and the Interest high.
There is therefore no reason why you should not own
a Bond if you sincerely want to.**

A SUGGESTION TO THOSE WHO HAVE ALREADY BOUGHT A BOND.

Many who have purchased Bonds on the Cash or Government's monthly payment plan will find in the Bank's ten month payment plan an easy way in which to carry another \$50 or \$100 Bond. The payment for these falls around the middle of each month; and as the Government's monthly plan of payment falls on the first week of the month the additional bond can be carried without undue financial obligation.
