## RIOTOUS OUTBREAK IN LAWRENCE MONDAY

Promiscuous Shooting Marks Serious Strike Disorders at Opening of Tenth Week of the Textile Trouble—Bomb Exploded in Tenement House—Over a Score of Arrests.

Lawrence, Mass., April 9.—Rioting marked by promiscuous firing, both on the part of strike sympathizers and police, marked the opening of the tenth week of the textile strike here Monday. The outbreak occurred in the vicinity of the Everett mills shortly before 7 o'clock, a few hours after the city had been stirred by the explosion of a bomb in a tenement house in the same neighborhood. Early reports indicated that no one was wounded by the shooting.

Rioters and a number of police officers were injured by stones, stones and clubs. The rioting started when a few strike sympathizers began throwing stones at mill windows and then shifted their attack to policemen who sought to quiet them. The crowd grew rapidly until there were several hundred persons in the vicinity and the little squad of officers on duty called for reserves. City Marshal Timothy O'Brien responded with a large force and after reading the riot act to the crowd set out to quell the disturbance. Finding their clubs ineffective the officers drew their revolvers and their shots were answered by others from the crowd. Men and women appeared at the windows with missiles and the police were obliged to send shots in their direction to drive them from their points of vantage.

The rioting occurred at Commercial and Newbury streets, where there are many tenement houses. The crowd, driven back by the police, sought shelter among the buildings, taking with them those who had been injured by the officers' clubs. Although it was known that a number were hurt, it was not believed that any were seriously injured.

Windows in a number of houses were broken and there was similar damage at the Everett mill. This plant was closed soon after the riot for 24 hours to pay for 48 hours work was inaugurated and has not been reopened.

The bomb explosion occurred before daylight in a house at 41 Newbury street. The rear door and porch of the tenement were destroyed and the cellar wall of the house torn open by the explosion. Although a score of persons were in the house attending a wake for Daniel Garvey, no one was injured. Several persons in nearby homes were thrown from their beds and a few windows were broken by the concussion.

Police officers who investigated the affair expressed the belief that the bomb probably was intended for an adjoining house occupied by the workers who recently arrived here and took jobs of strikers.

Twenty-three arrests were made during the disturbances of the morning, 19 on charges of rioting, four for disturbance and one for interfering with an officer. The police said they were unable to find the person responsible for the bomb explosion.

Officer John Mahan of Lowell, who was struck by a rock, was at first reported to have been seriously injured but later it was stated that he had been struck in the hand and that the wound was not serious. Special Officer Russell Clark of this city was struck on the shoulder by a bag containing chimes and stones and was somewhat bruised.

During the forenoon three additional arrests were made, bringing the total to 27.

Windows broken included one at the Holy Rosary church, which is situated opposite the Everett mills. Women and children were active on the picket lines during the morning. It had been announced Sunday night that the children of strikers would be kept from school because of alleged anti-strike activity of the teachers. Monday morning women appeared with two and three children, most of them of primary school age. In the mill districts other women with rocks in their hands prevented children from going to school.

Natalie Quirante, a striker arrested for alleged rioting, had \$100 in cash and a \$100 Liberty bond on his person.

## RECORD BUSINESS ON NEW YORK MARKET

It Resumed Its Upward Swing the Movement Being Governed Almost Entirely by Professional Traders.

New York, April 9.—On a volume of business which approximated yesterday's record operations thus far this year, the stock market today resumed its upward swing, the movement being again governed almost entirely by professional traders.

Pools directed their energies into new channels, taking up various speculative issues which recently played little or no part in the general advance. Foremost among these were the numerous motor shares at gains of 2 to 10 points, Chandler showing great strength.

Equity issues, as a group, also displayed more activity and strength than at any time in the past fortnight, and were distilling a large measure of supplementary gains of the past few days to 2 to 5 points.

Less stability was shown by food issues and metals, which displayed an early moderate advance on trade reports that lower bids were being made for copper.

Gross advances in petroleum ranged from 1 to 3 1/2 points; associated oil and Pan-American common and preferred absorbing much of the interest usually directed toward Mexican Petroleum and Texas Company.

Leathers had their bursts of activity at extreme gains of 2 to 3 1/2 points, and the strongest of the miscellaneous shares was Sears-Roebuck, which rose almost 3 points.

Canadian Pacific was the only important rail to show more moderate strength, and United States yielded to further pressure closing at a slight loss after having risen a large fraction. Sales amounted to \$1,200,000 shares.

Little attention was paid to foreign news and yesterday's market report seemed to exert no influence. Call money ruled at 5 1/2 per cent, and time funds were scarce at six per cent. for long periods.
