Her brother, the late George Robidoux, died a year ago and at the same time her little niece, Margaret, daughter of Dr. and Mrs. Eric Robidoux, passed away.

Such a sorrow in the family circle leaves a great void, and the sympathy of all our people goes out to the bereaved ones. The late Mrs. Han-

nett was beloved by all who knew her. Her memory will be cherished by her family and many friends, for her true nobility of character, her bright and cheerful disposition, sympathetic nature, always ready to do her part to help bear the burden of the sick, and those in trouble, or distress. Have You A "Twenty Pay Life Policy?"

A true story of a Canada Life Policy issued over forty years ago.

At age 30 he secured his \$5,000 Twenty Pay Life Policy.

At age 35 he received his first Dividend, which was added to the Policy.

At age 50 he received notice that his Policy, with 20 years' Dividends, was fully paid for.

At age 60 his Policy, still earning Dividends, helped him to finance the purchase of a new home.

At age 70 he withdrew the Cash Value for his own personal use. He received a Canada Life cheque for \$6140 in return for his \$2830 paid in premiums. For many years his home had been protected by insurance of \$5,000 and Dividends.

A Policy on your life may do much that you intend to do—if you live. It may pay off the mortgage, supply food and clothing for your family, keep the children at school and prevent a forced sale of your other property.

It may be all that is left of your life work—to keep you in comfort in your old age.

But—your Policy must be large enough.

The Twenty Payment Life

Our new up-to-date policy provides—
