Campbellton Team  
Enter Two Protests

Failure to Play With Official  
Referee and Having Veto  
in Uniform Charged.

Special to The Standard.  
Frederickton, Feb. 10.—The Campbellton hockey club will carry their protest over last night's hockey game at Campbellton through to a final in a demand that discipline and recognized methods of conducting sport be maintained by the New Brunswick Hockey League.

## Two Protests Filed.

Two protests have been filed by the Campbellton club, and were presented to Sandy Staples, of Fredericton, the only referee in the local club recognized in connection with last night's game. One protest is based on the failure of Chatham to play with the official referee, named by the league and the holding up of the game by a demand by the Chatham club that Frank Brown act as referee; the other protest is that "Shorey" Veno, who has been ruled ineligible was in uniform with the Chatham club, worked out with them in the preliminary practice, was in the list of Chatham players handed to the Campbellton club before the game, and that he remained in the box with the Chatham club's spare players throughout the game all equipped and ready to play if sent upon the ice.

The belief at Campbellton is that the Chatham club intended to do some adversity, and it is contended that they have defied the officials of both the N. B. H. L. and the A. A. U. of C. in a determination to win or disrupt the New Brunswick Hockey League.

Secretary's Statement.  
The Campbellton Club officials through C. A. Alexander, the secretary, state that the only reason they did not demand that Referee Staples go upon the ice and award the game to their team, was because there were hundreds of people in the rink to see a hockey game, and they felt they were entitled to some consideration and protection.

"We are not taking into consideration the matter of winning or losing a game, but we intend to carry our protest through on a question of principle," said Mr. Alexander. "If any one club is going to be allowed to defy the league officials, the A. A. U. of C. and all the rest of it, then we want nothing more to do with it, but in the meantime we intend to find out where the other clubs in the N. B. H. L. stand by following up our protests to the end."

Bathurst Will Stick.  
Chatham can leave the New Brunswick Hockey League and go to the Independents if they want to, but Bathurst will continue to play under the A. A. U. of C. even if we have to do it alone, and I am quite confident the rest of the North Shore will stand behind us in such a decision, declared O. A. Schryer, of Bathurst, a member of the N. B. H. L. executive, who has been here this week.

Mr. Schryer said that the Bathurst club would stand for straight amateur hockey, and would play nothing else, while he believed Campbellton would also take the same stand. "Clubs have got to understand that they must live up to the rules and accept decisions of the recognized officials of the A. A. U. of C.," said Mr. Schryer, "and until they do so there will always be trouble. I am pleased to be able to say that the New Brunswick Hockey League has been whipped into shape until it is a much better organization than it was in the past, and Bathurst will vote to have the league continue under the same direction as this year."

Many Fast Skaters  
Entered For Races

Twenty-five entries for the junior races, and five for the seniors in the Maritime Province Amateur Skating Championships have been received by W. E. Striding, physical instructor at the Y. M. C. I.

Mr. Striding is awaiting a wire from Charlie Gorman as to how many of the international speed skaters are coming back with the local speed boys to attend the meet.

It is expected that a number of entries will be received from Moncton, Sackville, Halifax, and other Nova Scotia points before the entries close on the 16th.

Amherst Won  
Over Moncton

Amherst, N. S., Feb. 10.—Amherst defeated Moncton in an Independent Hockey League game here tonight, 2 to 1. It was a close contest, fast and somewhat rough. The first period was scoreless. In the second period, after nineteen minutes of play, George Carroll made Moncton's lone tally. At one time during this period the visitors had only three men on the ice. The others of the sextette being in the penalty box. Nine minutes after the third period, Jackson edged the Moncton net for Amherst's first score and four minutes later Stuart netted the winning goal.

Still Something To Do.  
"Has Canada done her duty?" was the question of Armand Levesque at a Kingston gathering. Well not to Amherst.

JEWTRAW BEAT ST. JOHN SKATER  
BY ABOUT AN INCH IN 2.20 YARDS

Gorman in Second Position Made Great Fight for Race at Lake Placid—Moore of New York Won Mile in 2.48 1-5 Belyea Not Mentioned.

Lake Placid, Feb. 10.—The highest number of points awarded today to any individual skater on the opening of the international skating championship meet here today went to Miss Gladys Robinson, of Toronto, who finished with sixty to her credit. She won the women's events in both the 100 yards dash and the half mile, defeating Miss Rose Johnson, of Chicago, present holder of the women's international championship.

## Gorman Beaten by Inch.

Charles Jewtraw, of Lake Placid, and Joe Moore, of New York, tied for honors in the contest today. Jewtraw won the 220 yards race an inch or so ahead of Chas. Gorman, of St. John, N. B., and Moore took the mile race after Jewtraw had fallen over Geo. Thompson, of Chicago, who fell directly in his path.

Moore also took a tumble in the semi-finals of the 220 yard race when he attempted to cut in on Russell Wheeler, of Montreal, and struck a sidewalk block. Moore and Jewtraw ended the day with thirty points each. The skaters were graded according to places in the races, first place counting thirty points, second place twenty points, and third place ten points.

GLEANINGS FROM SARANAC LAKE  
NEWSPAPER REGARDING RACES

The reports received by the wire regarding the championship skating races held last week at Saranac Lake were rather brief and Charlie Gorman was mentioned because he made such an excellent showing in the finals. It is a fact, however, that Gorman's showing is wonderful, when it is taken into consideration that the St. John speed skater has been suffering from a sore foot ever since he went to Montreal, and to finish with the leaders in the different events only goes to show his gameness when handicapped so badly.

## A Raw Deal

The press report from Lake Placid last night says that Jewtraw only defeated Gorman by an inch or so, which is certainly very close, but a private dispatch received from a person from St. John who witnessed the finish of this race claims that Gorman was handed out a raw deal and should have been given the race, or at the least, a dead heat.

## Notes on Events

The Adirondack Enterprise, a tri-weekly published at Saranac Lake, N. Y., has been received, and in its reports shows that Russell Wheeler, the Canadian champion, lost his chance to enter the 220 final when he was tripped by McWhorter in the semi-finals.

Thirteen men started in the one mile event in the first two heats, and twelve men in the third heat. Jewtraw was the fastest, but sprinted in the sixth lap and mapped from a person from St. John who was on the tape Charlie Gorman.

The visiting teams were entertained to a dinner and smoker.

Surprising Her Boy.  
Mrs. Jarkinson was much perturbed to learn that her son, a fifteen-year-old boy, had been engaged in a pitched battle with the bad boy down the street. Therefore, she summoned her son for an accounting. "When I demanded, 'What a bad boy you are at you, why didn't you come to me and tell me instead of throwing back at him?'" "Tell you, mother!" said the boy, with unfeigned astonishment. "Why, what good would that have done? You couldn't hit a barn door."

One doesn't have to stick a pin in hope to make it spring eternal.

Fredericton Won  
From Marysville

Six to Nothing Was Score at Capital Last Night — Are Tied in Standing.

Special to The Standard.  
Fredericton, N. B., Feb. 10.—With two of their regular players laid up with heavy colds, and one or two of those who were in the game complaining they were sick too, Fredericton won from Marysville tonight in the last game to be played here of the New Brunswick Hockey League schedule by a score of six to nothing.

## Another Squabble

The game was three quarters of an hour late in starting because of squabbling over the referee question until finally Blaine Pugh, a former U. N. B. player and coach, was agreed upon.

He got along finely without a ripple of trouble until the final period. Then Marysville claimed that two goals scored by Fredericton in rapid succession making the score 4 to 0 were both from plays in which there had been offside. They left the ice in protest and for some time it looked as if they would not resume play.

Finally better judgment prevailed, the Marysville team came back on the ice again and Fredericton notched two more goals before the remaining 6:13 minutes of play were completed.

## Accurate Shooting

The Fredericton team's shooting was accurate and they lost few opportunities. Fred McLean and Jewett started in rushing the puck and Flett at centre put up a whole of a game. The prettiest play of the game was a two men combination on which McLean and Jewett carried the puck the length of the ice, passing the puck back and forth a half dozen times until finally Jewett scored from right on top.

The Marysville goalie, Bidlake, played a wonderful game in the Fredericton net, making many stops that were tough ones to handle and was repeatedly cheered. The whole Marysville team played below their usual standard, several of their players also being sick.

The officials of the game were: Judges, H. B. Bridges, E. Perry Hall, bit and C. Forest Kline. Timer, Martin G. Fox. Starter, Fred L. Corey. Patrol Judges, Thomas Allingham, George McKay and Wm. G. Brooks.

Drive First Spike  
In The Mayflower

Fishing Race Contestant Looks Like a Real Cup Challenger is Claim Made.

Essex, Mass., Feb. 10.—A spite driven through the stout oak timbers that will form the keel of the schooner "Mayflower," marked the beginning today of construction of the craft intended to represent Boston in the races at Halifax, N. S., next fall for the International Fishing Schooner trophy, won last November by the Gloucester man "Esperanto." Townsfolk made holiday, school children flocked about and grey-beards of the Gloucester and Boston fishing fleets came here to see the latter-day "Mayflower" begin to take form. The first spikes were driven in by Lieutenant Governor Alvan T. Fuller, by W. Starling Burgess designer of the vessel, and by a child, Mildred Lantz, daughter of one of the shipbuilders.

The grizzled old fishing captains rubbed their eyes when they saw the drawing of the Mayflower that designates it as a fishing schooner.

A long upon bow, a shortened stern and a yacht trim amidships were the features that appealed to the discriminating fishermen. Mayflower will be three feet longer than the new schooner now building at Lunenburg, N. S., as Canada's challenger, but will spread approximately 800 square feet less canvas. Her finer lines are carried out also in the beam, which is a foot less than that of the new Canadian boat.

The handsome new trotter purchased by R. R. Reid arrived this week from Montreal, but owing to a cold contracted on the trip did not take part in the contest on Monday, but no doubt will be one of the entries in the next race.

The Gagetown Driving Club has now a large membership, including members from Hampton, Oak Point, Musseg and Upper Gagetown.
