Canada Pipe and Steel Co., Limited, Toronto.

The Simplest Boiler to Operate

A Woman or a Child Can Manage a

KING BOILER

without the Least Trouble

A man feels an immense satisfaction in knowing that he can leave town on business and have the heating of his house cause no trouble or exertion or anxiety to his wife and family. Hot Water Heating is the most efficient and the easiest to manage. No Hot Water Boiler could possibly make a stronger appeal for preference than the

KING HOT WATER BOILER

It is well made throughout and the tight fitting doors prevent gas and particles of dust from escaping. It is so clean in operating that "ash day" has no terror for one's "good clothes" where the King Boiler is used. The King Boiler gives quick heat and that means a saving of fuel. Coal comes high now and it is important to remember that the King Hot Water Boiler will "pay for itself" in the fuel it saves.

IMPERIAL RADIATORS

The difference in Radiators in various heating systems is important. The Imperial Radiators have full sized channels and every inch of radiator surface is heating surface. In addition, they have a grace and dignity of design that make them more attractive in appearance than radiators have ever had before. Don't wait for autumn's chill to remind you—get your improvements for next winter's heating arranged at once—Do it Now.

WRITE FOR BOOKLET

STEEL AND RADIATION, LIMITED

Manufacturers of Hot Water and Steam Boilers and Radiators; Fenestra Steel Sash and Concrete Reinforcing

Steel and Radiation, Limited, 275 Fraser Ave., Toronto.
