

Caribbean

Simpsons selection for your Caribbean vacation in 1971 features a choice of excellent apartments or resort hotels in Barbados, Jamaica and Nassau.

In Antigua, Grenada and St. Lucia we have selected HOLIDAY INNS, a Canadian company well known and respected for fine accommodation and service.

An important feature is that all vacation costs shown are based on special Inclusive Tour fares. These fares are the lowest available and are only available for inclusive vacations.

Other hotels are available on request in all islands. Your Simpsons Travel Service consultant knows the Caribbean and can arrange just about any type of vacation from island hopping by air to leisurely cruising under sail.

APARTMENT HOTELS: Modern resort apartments with many features usually found in first class hotels. They are ideal for those who want an informal holiday and offer good value — especially where 3 or more people share. Families find apartment holidays to be ideal with housekeeping, cooking and babysitting available at a moderate charge.

HOTELS: First class hotels with swimming pools, beach location and all the facilities of a resort are selected for our Caribbean programme. Whereas at the apartments meals are not included, your hotel includes breakfast and dinner daily.

BERMUDA

No matter where you are in Bermuda there is always a glint of sea at the end of the lane, a sudden vista of blue or green framed by the brilliance of tropical flowers. Each hilltop overlooks an array of dazzling white roofs with pastel houses cut from coral rock and then a sweep of sea.

Things to do are as plentiful as the beaches and coves that ring the islands: Skin dive, fish, dine, dance, cycle, shop or even a game of cricket. It's the nearest faraway Old World you could ever find.

BELMONT HOTEL GOLF CLUB
The atmosphere at this new hotel is smart, yet informal, and the accommodations are superb. The hotel is located in Warwick Parish, 10 scenic ferry minutes to Hamilton.
