PERDUE
SASKATCHEWAN

Dear Sir

Latest report heard yesterday from
man who had dinner with me of the party that trickled
Dunning not to quit Regina. He says Dunning and
Fardner both to join King at Ottawa. Motherwell to
resign and take Lieut Governorship at Regina.
Hamilton to be taken as Leader at Regina. There may be
something to this. Don't think it makes much difference
for Sask. We will always be Liberal until we get a
Conservative paper in West. The papers here now
just print any thing they like and don't print the
truth politically. You hear the same from all over
the province. Spending money on a Sask seat is just
waste and will be until the people can get told
true conservative views & read

Yours
F Johnston
