Farmers' Week at Manitoba Agricultural College

Arrangements are already being made for the Short Course and Farmers' Convention to be held at the Manitoba Agricultural College during the week commencing Monday, February 15th, 1911, and, as in previous years, the annual meetings of the various associations interested in agricultural advancement are being held in conjunction with the Convention.

The Short Course, consisting of lectures and demonstrations in Animal Husbandry, Field Husbandry, Agricultural Engineering, and Veterinary Science, will begin on Monday, February 13th, and will continue for one week. The Annual Convention of the Agricultural Societies of the Province, which will occupy two days, will be opened on the afternoon of Tuesday, Feb. 14th, the final session being held on the evening of the 15th. The Annual Meeting of the Manitoba Dairymen's Association will be held on Feb. 15th and 16th, and the Manitoba Horticultural and Forestry Association will hold their meeting on Feb. 16th and 17th.

The Household Science Staff are arranging to hold Special Sessions on Feb. 15th and 16th, for the discussion of questions of particular interest to women, and the Provincial Seed Grain Fair will also be held during this week. A number of well-known speakers have promised to attend, and the programme throughout will be maintained at the same high level of interest which characterized the proceedings of last February.

As in other years the gathering is being held during the time of the annual Bonspiel, so that parties wishing to attend the Convention may take advantage of the reduced railway rates which are always offered at that time.

Better Shot.

Indignant Citizen: "Say! your boy threw a stone at me just now and barely missed me."

Mr. Grogan: "Yez say he missed yez?"

I. C.: "That's what I understood myself to remark."

Mr. G.: "It was not my b'y."

Sawyer Massey to Double Capacity.

Sawyer-Massey Co., of Hamilton, are pushing to completion the large additions to their factory and many car loads of additional tools and machinery are being unloaded at their works ready for installation. The present shops which are now running full blast will be doubled in capacity. They report having had a most excellent season's business and will be ready for a much larger one for 1911.
