Fairbanks-Morse Farm Engine

Serve as every power purpose on the average farm. Easy to operate, simply and durably made, reliable at all times and will run on cheap fuels. Of the 160,000 Fairbanks-Morse Engines built during the past 35 years, 99% are still in active service. The best possible evidence of their dependability.

Many types and powers. Vertical and horizontal—portable and stationary—1 to 200 h.p. and for free booklet, "Farm Power."

"There's a GOOD Job! I Used Amattite ROOFING"

NOW I have the best roof in this township. One that will last—one that's waterproof—one that will resist the hardest storms—and I didn't have a bit of trouble laying it."

That's about what every Amattite owner says. Its superiority over all other ready roofing is apparent to any one who uses it.

Amattite does away with all roofing troubles and unnecessary expenses because it is made with a real mineral surface that needs no painting. It is durable, fire retardant, practical, economical.

Don't buy any other roofing till you look up Amattite.

Write to nearest office for samples.
