

# THE MONTHLY FARMERS' ADVOCATE

PERSEVERENCE TRIUMPHS

Vol. 4] DEVOTED TO THE BEST INTERESTS OF THE COUNTRY. [No. 8

WILLIAM WELD,  
Editor & Proprietor.

London, August, 1869.

Postage Prepaid.  
Office—Richmond St., op. City Ha

## THE LITTLE GIANT "SELF REGULATING" THRESHER AND SEPARATOR

Is capable of threshing from 200 to 300 bushels of wheat per day. It threshes perfectly clean and it is impossible to make it throw grain over, having a peculiarly constructed shoe. It is simple and can be worked by any one. It has no canvas elevators nor sieves which in other machines are a continual annoyance. It can be driven by six horses, and a good day's work can be done by four horses with a good horse power, &c. Any person having a 6½ ft. or 8ft. single pinioned horse-power will find it to have sufficient power to drive it. It takes up but little room on the barn floor and is easily moved about, being placed on wheels. No machine ever made by us has

given such universal satisfaction. It is the best Threshing Machine for a Farmer's own Use in the country, while the price places it within the reach of almost every farmer.

J. SHARMAN,  
Agricultural Works,  
Stratford.  
Or apply at Agricultural Ware room, London. Price \$105

Wawanosh, May 5 '68  
Sir—It is with pleasure I write to let you know how my Little Giant Separator (the Giant of the Nile) worked. It has done all you recommended it to do. It is easily worked and makes a capital job. It will thresh cleaner than most of the larger machines, than most of the larger machines, throws no grain out

JOHN PENTLAND, Nile P. O.

with straw, and the grain comes into the boxes cleaner than from larger machines. Yours most truly.

Samples to be seen and orders taken by W. WELD, at the Agricultural Ware-room, London.

### GOOD FOR MAN AND BEAST.

FARMERS READ THIS.

LEWIS A. PHILLIPS, of Providence, R. I., writes as follows:

Messrs. Perry Davis & Son.—Gents—I have for many years used your valuable medicine, the "Pain Killer," on my horses, and can testify to its efficacy in curing Galls, Sprains, Bruises, Cuts, Cramps, Weak Joints, Rheumatism, Colic, &c., &c. I have had over 40 horses in constant use, in the omnibus business, and have never known it to fail in any case where I have used it.

LEWIS A. PHILLIPS.

Read the following letter from Dr. Deal, of Bowersville, O., who is a Veterinary Surgeon of great skill:

I have given "Perry Davis' Pain Killer" in many cases of colic, cramp and dysentery in horses, and never knew it fail to cure in a single instance. I look upon it as a certain remedy.

DR. JOHN R. DEAL.

"Pain Killer" is equally good for man or beast and no farmer should be without it a single hour.

Sold by all Druggists and Medicine Dealers at 25 and 50cts. per bottle.

W. W. GARLICK, VETERINARY SURGEON  
and John L. A. Poett, member Royal College Veterinary Surgeons, England, and graduate of the Edinburgh Veterinary College, late Veterinary Surgeon to the Royal Horse Artillery and First or Royal Dragoons
