

Making the Best Engine Better-

Fairbanks-Morse "Z" Farm Engine with Bosch Magneto

JUST think of the famous "Z" engine with a Bosch high tension, oscillating magneto—which delivers a steady succession of hot, intensive sparks. Every farmer in Canada should at once call on the nearest "Z" engine dealer and see the result of this recent epoch-making combination—FAIRBANKS-MORSE "Z" WITH BOSCH MAGNETO. Mechanical perfection, plus power—and right price—to date sold the "Z" Engine to over 250,000 farmers. This quality and quantity production enabled us to contract for a large proportion of the extensive Bosch facilities for making this one possible "Z" betterment, which establishes a new farm engine standard. And all Bosch Service Stations throughout Canada will assist our dealers in delivering maximum engine service.
