A Physician's Testimony for Labatt's Ale.

"We find that the ale uniformly and well agreed with the patients, that it stimulated the appetite, and thereby increased nutrition. The taste, likewise, is always highly spoken of. In nervous women, we found that a glass at bedtime acted as a very effective and harmless hypnotic."—SUPERINTENDENT OF LARGE U. S. HOSPITAL.

"OPPORTUNITIES"
Capital often brings within reach opportunities for profitable investment which would otherwise be unavailable. It is not necessary then to point out the wisdom of accumulating capital, but to point out the best way to do this—and it is a very easy, safe and certain way, viz., Endowment Insurance.
Would it not be wise, then, for you to obtain a policy—to become a prospective capitalist—and thus put yourself in a position to take advantage of some future opportunity for investment? If you should die, your accumulations would not be lost, but would be returned to your estate, perhaps increased many times.
Allow us to send you full particulars of a policy at your age. The information will cost you nothing, and you need not take a policy unless you feel convinced that it would be to your advantage to do so.
