MOTORIZING THE FARM

THE horse has been declared by Thomas Edison to be the most inefficient machine in the world. In return for the amount of food and care needed, the horse returns less in work than any other machine.

The average team of farm horses costs \$400, a good set of double harness \$100, a wagon without box \$115, making a total of \$615.

A Ford Truck costs \$750 at Ford, Ont. A Fordson Tractor costs \$850 at Dearborn Mich.

The initial cost of motorizing a farm is slightly greater than the cost of a horse outfit, but the lower cost of operation and upkeep of the tractor and truck and the greater amount of work done easily put the horse out of the running.

Government experiments have proved that the cost of feeding a horse is 8.7 cents per working hour.

A team of horses cannot plow more than two acres in a ten-hour day. At 8.7 cents per hour or 17.4 cents per acre for a team, the cost would be \$1.74, or 87 cents an acre. A Fordson Tractor plows on an average of seven acres a day. The cost per acre averages not more than 75 cents per acre for gas and oil. The Fordson does three and a half times as much plowing in a day at a smaller cost per acre.

Suppose you are hauling produce to market or bringing out supplies. If the town is twenty miles away it will take you a whole day to make the return trip

with horses. If you have a heavy load and the weather is hot it will take you two days. If it took you twelve hours, the cost at 17.4 cents an hour for your team would be \$2.09. The average cost of running a Ford Truck, for gas and oil, is 4 1/2 cents a mile or \$1.80 for the forty miles. But with the Ford Truck you can make the return trip in four hours. The truck enables you to make three times as many trips and at a lower cost per trip.

But this is not all. If you motorize your farm you can get up an hour later in the morning. You have no horses to feed, groom or harness. You start work after breakfast.

When dinner is ready you stop at the end of the field, drive your tractor direct to the house, eat your dinner, and rest till it is time to go to work again.

In the afternoon your motor works just as well though the sun is hot and the flies are bad.

And at night when work is over you are through for the day,—no horses to rub down, feed or water.

You are always free to leave your farm for picnic or vacation—no worry about horses left behind to be cared for.

Every way you look at it the motor has the advantage over the horse. It means shorter hours on the farm, more work done in less time and at less cost.

TAILOR MADE CLOTHES

There is a greater demand for Tailor-made Clothes now than ever. They have advantages over the ready-made clothes in many ways. Taxes on ready-made clothes is much higher than on Custom Tailored Clothes. Illustrated below is the amount of tax payable on suits from \$50 to \$110.

Tax on Ready-to-wear 15% excess over \$45			Tax on Custom Tailoring 15% excess over \$60		
\$	Tax	\$	\$	Tax	None
50	7.50	75	55	8.25	None
55	8.25	80	60	9.00	None
60	9.00	85	65	9.75	\$.75

Let Mileage Tell the Story

A LOW price ticket may mean a temporary saving in buying tires—

But, figured from a mileage standpoint—the actual service you get from your tires—it's bound to prove a costly "buy."

We sell tires on a MILEAGE, not a PRICE basis. Long mileage tires mean more and better satisfied customers for us.

—and so we sell Goodyear Tires.

Buy your tires here. Save yourself excessive tire bills by avoiding cut-price tires. The payment of a few dollars extra for a Goodyear Tire, may mean thousands of extra miles of service.

Canadian Prime Ministers.

New Premiers do not happen often in Canada. In the fifty-three years since Confederation there have been only eight, not including Mr. Meighen. Three of them, Macdonald, Laurier, and Borden, held office for 44 years. Hon. Alexander Mackenzie was Prime Minister for four years; Sir J. J. C. Abbott, who succeeded Sir John Macdonald, for a year and six months; Sir John Thompson for two years; Sir Mackenzie Bowell for a year

and four months, and Sir Charles Tupper for two months and seven days. The brief tenures occurred in the troubled period between the death of Sir John Macdonald in 1891 and the victory of Sir Wilfred Laurier in 1896. As a rule, Canadian Government have been long lived, but there is every sign that the latest one may belong to the other category.

Waterloo public school board has voted all the teachers increases ranging from \$150 to \$300.

The claim is made that Thomas Morris who has just died at Grand Island, Nebraska, was the oldest man in the world. He claimed to be 128 and it is said that in his possession was an old family Bible with the record of his birth in North Wales January 15, 1794. Morris remembered the battle of Waterloo and the only reason for his not being in the British army at the time was because of a deformed foot. He distinctly recalled seeing the Duke of Wellington upon the latter's return following the great victory over Napoleon.

The Retort Courteous.

"Observer" in the Guelph Herald says: One of those dear creatures who are trying to make men good by stopping their smoking came at Observer the other day and proceeded to tell him what a bad thing it was for a man to be using tobacco. She hated and abhorred the vile weed herself, and she couldn't see how anyone else could touch the stuff. For awhile Observer humored this fair reformer and by a flank movement put her on the defensive, by asking if she noticed any particular reason for believing that tobacco was causing any deterioration. To this the dear lady returned in characteristic feminine fashion that even a pig wouldn't stoop to smoke. This hit Observer a solar plexus blow, where he wasn't looking for it, and it was only by a superhuman effort that he recovered enough to gasp out that neither did a pig believe in nose powder, rouge, lip stick, kenna, Dutch neck, georgette sleeves and low shoes in winter, peroxide, false hair, ice cream, sundaes, round garters, beauty diets, small shoes, tight lacing, furs in summer, eating crackers in bed, cold feet and forgetting what's trump. By the time I had finished gasping out all this my anti-tobacco friend had flown. I have seen no more of her since and I'm going to keep this list of feminine frailties for future use.

EVIDENCE Of Success of Hacking's Heart and Nerve Remedy and Hacking's Kidney and Liver Pills

Wm. Fullerton, R. R. 1, Listowel:
"I doctored for eight years for Stomach Trouble and Pains all through my body, got no relief until I used Hacking's Heart and Nerve Remedy which fixed me up all right. I used Hacking's Kidney and Liver Pills along with the Remedy."

Mrs. H. Hinchcliffe, Wingham:
"I was on the point of a complete Nervous Breakdown, could not sleep or plan my household duties, suffered with my Heart and my Nerves and doctors could do little for me. After taking the first box of Hacking's Heart and Nerve Remedy I improved so much in health that I continued with a 6 box treatment and am able to return to my work with renewed vigor."

Mr. Richard Jones, Doon, Ont.:
"I have had Pains under my Heart for some time and tried all sorts of remedies and have been to four different doctors and could get no relief. I took one box of Hacking's Heart and Nerve Remedy and felt very much better. I took another box and have been able to work again. Before I took your remedy I could not work for weeks at a time, the pain was so great."
These are only a few of the many testimonials that come to us voluntarily and I am sure that you too will get beneficial results if you will but give them a fair trial. Buy them from your dealer. Insist on Hacking's.

In Glasgow they tell of a resourceful clergyman who is never at a loss for a retort. He was once called to the bedside of a very wealthy but stingy man. "If," he gasped to the clergyman, "if I leave several thousands to the church, will my salvation be assured?" whereupon the divine responded, "I wouldn't like to be too positive, but it's well worth trying."

A project is under way in Saskatchewan for the establishment of a million-dollar mill to utilize waste straw for the manufacture of paper. Close proximity to an adequate supply of cheap coal is one of the essential in the location of such a plant. The scheme is said to be backed up by large financial interests from Toronto. It has been found from experience that two tons of straw are required to make one ton of paper.

A Needed Sermon.

The preacher announced that next Sunday his sermon would be Liars, and that he would be very glad if, during the intervening week they would read the seventeenth chapter of Romans for themselves. The next Sunday the preacher commenced by reminding his congregation of the request he had made, asking those who had read the seventeenth chapter of Romans to stand up. To his astonishment half the congregation stood up. "Thank you very much," said the preacher, "now it is to you I want to speak to-day, because there is no seventeenth chapter of Romans."

Fell Out of Window

George Cousins, aged 19 years, a porter at the Royal Hotel, Kincardine fell out of the window of the third flat. He was picked up by Mr. David Gledhill, merchant, who was returning home about 1.30 Friday morning. Cousins was rushed to the hospital, but died shortly after reaching that institution. Thursday, was race day in Kincardine and the young man had had a busy day, waiting on the customers. The night was hot, and whether he was leaning out of the window to get fresh air and accidentally went over will be learned at the inquest which is being held on Wednesday. He was alone in his room and few particulars were known how the unfortunate young man lost his life.

In Maidenhood, Womanhood and Motherhood

London, Ont.:—"For many years Dr. Pierce's Favorite Prescription has been my most favorite medicine. I have taken it for the ailments pertaining to womanhood and before and after menarche, and it always proved excellent. I have also recommended 'Favorite Prescription' to many friends who have taken it with good results. It is the best medicine I know of today for women or girls who are weak and suffering."—MRS. WM. STEEL, 179 Richmond St.

SAVED HER LIFE

St. Catharines, Ont.:—"I was in a very miserable condition when I first started taking Dr. Pierce's Golden Medical Discovery and Dr. Pierce's Favorite Prescription sixteen years ago. I suffered and was extremely emaciated and weak. Although I was a young woman my doctor thought I was going through the critical stage of life, but after using these remedies my strength returned, another child came and from that time on my health was perfect and my weight increased. I really believe that Dr. Pierce's remedies saved my life and I shall always praise them as long as I live."—MRS. ELIZA OVERHOLT, 43 Beach St.

Favorite Prescription should have the full confidence of every woman in Canada because it contains no alcohol and no narcotic. Dr. Pierce knew, when he first made this standard medicine, that whiskey and morphine were injurious, and so he always kept them out of his remedies. Send 10c to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., for trial package Tablets.

One of the features of the new Bankruptcy Law is that every person carrying on business must keep books from July 1st 1920. Formerly a person wishing to make an assignment could do so to any one qualified but the new law is aimed at unscrupulous business men. The government now appoints a receiver.
