SIR CILBERT PARKER ON THE WAR.

Extracts from letter from Sir Gilbert Parker, M.P., British House of Commons, London, to Lieut-Col. W. N. Ponton, Belleville.

But how small seem these personal matters beside the awful events into which we are now plunged! The mad Emperor has "bluffed the Eternal Sea" as Kipling says, and, please God, we shall remove him from power and place and set up a sane ruler to rule in his stead, if, mayhap, his Empire remain. CITY COUNCIL DISCUSSES AID

Many Other Matters of Interest Were Considered.

(From Wednesday's Daily.)

The executive of the city council last night took into consideration the matter, of the volunteers leaving the city for overseas service as to the care of their families or those dependent on them during their absence. SOME CHEAP POLITICAL CAPITAL

Special to the Ontario. Toronto, Aug. 19-It appears to be the general opinion that there never was any intention of really protesting Mr. Rowell's election in North Oxford and the dropping of the proceedings by his opponents is only what was expected. To protest an election requires the filing of a petition and the deposit of \$1,000 within four days. The time limit has elapsed and no deposit has been made.

The Mail and Empire's announce

ment last Friday of the filing of the petition said it was put in upon instructions from Toronto solicitors. Local men in Woodstock appear to disclaim responsibility for the affair. Evidently it was the Government or the liquor interests, or, perhaps, both who thought they could make a little cheap political capital by attacking the Leader of the Opposition in this way and then abandoning the attack, If such was their hope, it has entirely failed. This unfair move against the Leader of the Liberal party in Ontario was resented by fairminded Conservatives just as much as by Liberals. In the heat of election campaigns unfounded charges are sometimes excused. For this proceeding, however, there appears be no possible excuse.

Before the Russian could fire again the ape-man was upon him and had wrested the firearm from his grasp. Late the next afternoon Tarzan and his Waziri returned with the first load of "belongings," and when the party saw the ancient ingots of virgin gold they swarmed upon the ape-man with tho usand questions, but he was smilingly obdurate to their appeals-he declined to give them the slightest clew as to the source of his immense treasure.
