SAYS THE DRUG IS AN THERCOMPOUND

Just a few drops loosen any corn so it lifts out without pain.

You simply say to the drug store man, "Give me a quarter of an ounce of freezone." This will cost very little but is sufficient to remove every hard or soft corn from one's feet.

A few drops applied directly upon a tender, aching corn should relieve the soreness instantly, and soon the entire corn, root and all, can be lifted out with the fingers without pain.

This new way to rid one's feet of corns was introduced by a Cincinnati man, who says that while freezone is sticky it dries in a moment, and seems to simply shrivel up the corn without inflaming or even irritating the surrounding tissue or skin.

Don't let father die of infection or locking from whitening at his corns, but cut this out and make him try it.

FIGHT THE SUBS

Canadian troops overseas, quartered in England, are not only preparing themselves to fight in the trenches against the Teutons, but are assisting in combatting the food marine menace as it affects the food situation of Britain. In a letter received this morning by City Assessor A. G. Ludlow from Prof. Alfred Hunt, now a lieutenant, the writer states that in the area in which he is quartered the Canadian troops have this year raised twenty thousand bushels of potatoes, in addition to other vegetables in a like proportion. Lt. Hunt refers to the death of Earl Braund, who was one of the first victims to be claimed by the Grand River this year. He had been associated with Earl for about 14 years, and states, "He had grown up into a fine type of Christian man."

## SCHOOL FAIR AT VICTORIA

Proved to be a Decided Success.

The school fair of Victoria School which was held on Saturday afternoon, was a decided success from every standpoint. Notwithstanding so many other attractions, the attendance was unusually large.

The exhibition of vegetables reflected great credit on the boys and girls, who had gardens this summer and to whom seeds had been distributed in the spring.

There was also exhibited splendid work in knitting, plain sewing, cooking and manual training.

A unique sign greeted the visitor on entering the room. This sign, "Proceeds for the Boy's Basket Ball" hung over a candy booth, presided over by the boys themselves, and as the neat sum of \$12.31 was realized, prospects for some good sport for the boys is assured.

It should be mentioned that two girls, unselfishly, helped the boys in this enterprise.

At the home-made cooking and candy table over \$28 was realized, and the Victoria Art League is to be congratulated on having for its officers and executive, ladies who give unparagoning of their time and interest to the welfare and the education in the best sense of the term of the boys and girls of Victoria School.

## POLICE COURT

Gambling among foreigners was again in evidence on Saturday night when the police raided 48 King street, when they found eight men at a table with cards and money on the table, on the floor and in the hands of the players.

Arrests were made and in the police court this morning August Debono, the occupant of the house was charged with keeping a common gambling house. Matthew Barkavitz, John Sipos, Mike Milevitz, Harry Dickatz, Mike Posovitz and Lucka Grubacz were charged with being frequenters. The foreigners were defended by M. W. McEwen. Evidence was heard and the case was adjourned until Wednesday.

Foreigners following and annoying girls and young women have caused considerable trouble in the city during the past summer. On Saturday night, Steve Grenko, an alien, who has a wife and family in Austria, was caught following a young woman and was turned over to the police. The young lady had first noticed the foreigner dogging her footsteps at the Grand Trunk Station, and had hurried up to the police. Her pursuer quickened his steps correspondingly. When she reached the grocery store at the corner of St. George and Sydenham streets, the girl entered, while the man went straight up Sydenham into the country where the streets are not lighted. The girl left the store and went up St. George street, but was immediately followed by the foreigner, who chased her for a block. Mr. Ireland, a returned soldier, who resides on the hill saw the incident, and catching the foreigner, gave him a thrashing and then turned him over to the police. A fine of \$7.00 and costs was imposed by Magistrate Livingston, with a warning that on a second offence he would be dealt with severely.

A warrant was issued for the arrest of Harry Sirotski, who, charged with having liquor in an unauthorized place, did not show up for his trial this morning.

Mrs. Clara Ritchie, charged with the theft of groceries from the store of A. Coubeck, a Market St. grocer, and Fred Shackell, charged with receiving stolen goods, were heard in the afternoon court.
