DEAFNESS IS CURABLE! Sufferers from impaired hearing will be glad to know that their affliction is probably not due to any organic defect in the ear, but result probably from a thickening of the lining of the middle ear caused by catarrhal inflammation. Hundreds of perfect recoveries as a result of the inhalation of Catarrhoxone are reported, and on the highest authority we recommend this treatment to our readers. Catarrhoxone quickly restores lost hearing, and its efficiency is placed beyond dispute by the case of Mr. Foxall of St. Thomas, who recovered perfect hearing by using Catarrhoxone, after years of deafness. Price \$1.00 per bottle or by mail, from Polson & Co., Kingston, Ont.

A TRUE NERVE TONIC

acts not so much upon the nerves themselves, as upon the digestive functions, and the abundant formation of rich, red blood. The nerves cannot be fed on medicine. They can be fed and strengthened by digestive and assimilated food. Ferronone's marvellous action arises from its power over the digestive and assimilative functions of the body. You take it, the blood grows richer, redder. You feel strength and vigor, digestion ceases to be a trial, for it has become good. Work is easier, for you have the strength to do it. In a short time you have health. Use Ferronone.

It is our custom every year to publish a New Series of Fall and Holiday Books.

The last Christmas of the Nineteenth Century found us with a most excellent set of "Holiday" Books put into our agent's hands. The enormous sales made by our solicitors demonstrated that the most profitable thing to do is to give agents the very best books that can be made for the price.

No one can begin to appreciate what a beautiful set of books we have until they see the Agent's Outfit, so we propose sending absolutely free of charge, a sample case containing prospectus of the different books, to all worthy persons writing us.

This magnificent outfit represents about \$5.00 actual value, and yet we are so confident of our agent's success with these books that if the reader of this advertisement will take up the agency and promise to give the work a trial, we on our part will assume the cost and risk in sending the complete canvassing outfit absolutely free of charge.

HOW CAN WE AFFORD TO PAY SALARY TO AGENTS? When offered a salary for your time, the question naturally arises "Can I earn the salary offered?" We know from many years' experience, that a person of average ability, who will put himself thoroughly on the merits of the book and work as faithfully as he would at any other occupation, can earn the amount guaranteed even under unfavorable conditions.

NO CAPITAL IS REQUIRED

We pay freight and ship books on credit under very favorable conditions. Do not fail to write before you sleep. It will cost you absolutely nothing. Address,

The Nova Scotia Steel and Coal Company are preparing to erect a large new shipping pier at North Sydney, which will be superior to anything of the kind in Cape Breton. Material required will include 850,000 feet of hard pine, 21,000 lineal feet of cross-tied piling, 300,000 feet spruce piling and 45,000 tons of iron. The total cost of the work will be \$12,000,000. The work will employ 250 men for four months. This pier will be used exclusively for coal shipment. Other piers will be constructed for iron ore purposes. The total length of the new pier will be 1,400 feet, which is the length of the Dominion Coal Company's pier at Sydney.

EIGHT BARRELS OF GUM. Windsor Tribune.

On Monday the steamer Avon carried from Windsor to Summerville eight barrels of gum, which had been picked from trees in New Brunswick by men employed by Wm Spearing, Cambridge. The weight of the gum is estimated at 190 lbs per barrel, and the value of the lot at about \$800. In Nova Scotia this business would be very unprofitable, but in New Brunswick, where often 4 to 5 pounds of gum are obtained from a single tree, the business is a very good one.
