Dear Mrs. Pinkham:—
"After what your Vegetable Compound did for me, I am a firm believer that it is a wonderful medicine, and that any woman who is troubled with any of the ills we suffer from should try it and she will soon be convinced of its worth. As a regulator, strengthener and a tonic, I think it has no superior and I certainly endorse it."

Backache and "the blues" are direct symptoms of an inward trouble which will sooner or later declare itself. It may be caused by diseased kidneys or some derangement of the organs. Nature requires assistance and at once, and Lydia E. Pinkham's Vegetable Compound, instantly asserts its curative powers in all those peculiar aliments of women. It has been the standby of intelligent American women for twenty years and the ablest judges agree that it is the most universally successful remedy for woman's ills known to medicine.
