WORLD OF SPORT

LAWN BOWLING.

The bowling ground on Tuesday evening was the scene of a keenly contested match between teams picked by President James Rutherford and Vice-President Dr. Gibb. Owing to illness, the president was unable to be present, but this seemed only to spur the men of his choice to such efforts that they won out with six points to spare.

An invitation has been received from the St. Thomas club to play a match there on Monday next, 28th inst., and it is expected that at least twelve players will go from Blenheim.

Blenheim News.

THE GUN.

The Ridgeway Gun Club have joined the Dominion Trap Shooting and Game Protectors Association, registered their entry for the tournament team shoot to take place in Hamilton on Aug. 14, 15 and 16.

Our local gun club will take part in the shooting tournament to be held in Chatham next month—Highgate Monitor.

LACROSSE.

The lacrosse team in Blenheim has been undergoing hard and systematic training, and the boys are in excellent condition for their two games on Monday with Rodney and St. Thomas, says the Blenheim News. Many who have not seen the players at practice, have had the idea that this year's team will be inferior to last year's, on account of the absence of some of the old players; but such is not the case. Those who are best qualified to know say that the team is considerably superior to what it was last season.

A feature in the Kent's style of play this year will probably be the adoption of the tipping game by defence as well as offence. Long throws have been considered a weakness, and will probably be discontinued. The team for Monday will probably be as follows:

Goal—James Burk.
Point—Frank Knight.
Cover point—John Blewett.
1st defence—G. Fanst.
2nd defence—A. Cox.
3rd defence—Willis Bell.
Centre—C. F. Gibson.
3rd home—W. Grant.
2nd home—R. Clements.
1st home—S. Burk.
Outside home—D. Stephenson.
Inside home—A. Shillington.

TILBURY VILLAGE.

1—The fire hall, Ephraim Gerowe.

WHERE THERE'S SMOKE

There's fire, the saying runs, and so as a general rule the saying holds true. The fire is unseen, hidden, but the ascending smoke makes its presence undoubted.

Similarly you can argue from eruptions of the skin to corrupt blood. You can't see the blood, but the pimples, boils, etc., which mar the skin surely indicate impure blood. For this reason the medicine which cures these surface blemishes must cure them through the blood.

Dr. Pierce's Golden Medical Discovery purifies the blood, removes the waste and poisonous substances which corrupt it, and thus cures diseases which originate in impure blood, such as boils, pimples, salt-rheum, tetter, eczema, sores, and other painful and disfiguring diseases.

"Golden Medical Discovery" also increases the activity of the blood-making glands, thus increasing the supply of pure blood, rich in the red corpuscles of health.

"It gives me much pleasure to testify to the cures effected by Dr. Pierce's Golden Medical Discovery," writes Miss Annie Wells of Ferguson's Wharf, Isle of Wight Co., Va. "I can say honestly and candidly that it is the greatest medicine ever compounded for purifying the blood. I suffered terribly with rheumatism, and pimples on the skin and swelling in my knees and feet so that I could not walk. I spent about twenty dollars paying doctors bills but received no benefit. A year or two ago I was reading one of your Medical Remedies and I decided to try Dr. Pierce's Golden Medical Discovery and 'Favorite Peppermint Cure' and an entirely cured."

Accept no substitute for 'Golden Medical Discovery.' There is nothing 'just as good' for diseases of the stomach, blood, and lungs.

Dr. Pierce's Pleasant Pellets regulate the bowels.

NANTUCKET LIGHTSHIP.

Out upon the restless ocean
Off Nantucket's treacherous shore,
Two bright lights are always gleaming.

Where you hear the fog horn's roar,
Like a watchful sentry posted
Rides the lightship on the waves,
And from hidden death and danger
Many a storm-tossed sailor saved.

He who guides the stately liner
Swiftly on her westward way
Breathes a prayer of thanksgiving
When he sees that friendly ray,
As with caution slowly steaming
Through the mist that wraps him
Off the starboard bow like music
Hears the whistle's welcome sound.

But of late a noble genius
Added to the lightship's worth.
On the waves of air a message
Now can glide like a bird on earth.
And by wireless telegraph
Forty miles at sea or more
Vessels send a final greeting.
Through the lightship to the shore.

Thus dear friends from distant countries
Speeding homeward o'er the main
Send ahead the welcome tidings
"We are nearing home again."
Or upon the eastward journey
As across the foam they fly,
To the loved ones they are leaving
Wait a final fond good-bye.

A life of pleasure makes even the strongest care frivolous at last.
He who wishes to secure the good of others has already secured his own.

Headquarters 24th "Kent" Regiment.
Chatham, May 23rd, 1902.

Regimental orders by
Lieut.-Col. J. B. Rankin, commanding.

1. The company drills will be continued next week on the usual nights (except Monday) at 8 o'clock.

2. The Regiment will be graded on Friday night at 8 o'clock for Battalion drill and march-out.

3. The officers' class will be held every morning, except Sunday and Monday at 8 o'clock.

4. It is announced for the information of all ranks, that Color-Sergeant M. D. Fraser has been selected by the authorities at Headquarters to represent the 24th Regiment on the Coronation Contingent.

By Order,
WM. MOWBRAY, Capt.
Acting-Adjutant.

His Obligation.
The Due de Roquelaure was far, very far, from being handsome. One day he met in the street an ugly Auvergnat who had some position or memorial to present at Versailles. He immediately introduced him to Louis XIV., remarking that he was under a special obligation to the gentleman. The king inquired the favor asked and then inquired of the duke what was this pressing obligation. "But for him, your majesty, I should be the ugliest man in your dominions."

It Wasn't Lighted.
A mother was calling the attention of her little boy to the moon, when he was to be seen clearly but pallidly in the early afternoon.

"Why, you can't see the moon in the daytime," replied the youngster.

"Oh, yes, you can. There it is over the trees."

The little fellow looked hard and had to admit the fact that he saw it, but he added, "Tal't lighted, anyhow."

District Dashes

Miss Lizzie Nonack has been engaged as principal of the Charing Cross school for the remainder of the year.

Miss Eliza Cumberland, the colored lady who has so faithfully fulfilled the duties of caring for the orphans left in her charge a number of years ago, was taken to the hospital at Chatham on Saturday, suffering from severe illness.—Blenheim News.

Mr. Wm. Morgan, who recently disposed of his property near the L. E. & D. R. R., has moved to Renwick, five miles from where his son Charles lately located. He has bought a forty-five acres of farm land, the price paid being \$2300.—Blenheim News.

While a number of young lads were amusing themselves with the other day with powder and an old gun barrel, an unexpected discharge occurred and Arthur Peacock was struck in the face, causing wounds of a very nasty nature.—Blenheim News.

Dr. Langford returned home on Monday after a pleasant and profitable trip to New York and Baltimore, where he took up clinical work in the New York Polytechnic and John Hopkins University and Hospital.—Blenheim Tribune.

That things are booming in Dresden is clearly seen by the fact that there are many new houses being built and contracts are about to be let for a number of others. The state of affairs we are all pleased to see. Let the good work in this line continue.—Dresden Standard.

While working at Erieau, building a cottage for Mr. Glenn, Elijah Courtney, of Chatham, fell from the scaffold Thursday evening, sustaining injuries which will keep him from work for some time. At first he thought the injury was slight, but was at last obliged to get assistance. As there was no doctor at the Eau, he was brought to Blenheim on a handcar, Saturday morning, and thence by train to Chatham.—Blenheim News.

The threshers of Tilbury North and Tilbury West, at a meeting in Essex on Saturday, decided to fix the price for threshing at \$12 per day. In the other portions of the county the price will be 2c per bushel all around—a considerably higher price. The former price in the Tilburys was \$10 per day, while the prices of the new competitors of the alleged combine has already been fixed at \$14 per day, so that the price in this line will be \$2 out.

A boom seems to have struck Erieau, and it will probably be more popular this year as a summer resort than ever before. Preparations for the installation of the new coal hoist are well underway, and the appearance of things near what was formerly the railroad terminus has been greatly changed, by moving the station, switches, etc. Last fall a new cottage was built by Dr. Young, of Ridgeway, near the Mallory house. This spring, besides the Mallory boarding house, cottages have been erected by Messrs. John Sheldon, of Blenheim, and John Barnett, of Cleveland.

Glenn, of Chatham, has also commenced the erection of two more cottages at Centreville, having early in the season rented all his present buildings to Cleveland people. Mr. George Raymond, of Chatham, will move his cottage from where it stood at Centreville to property that he has leased near Capt. Post's land, near John S. Laiz will improve his building by the addition of a verandah.—Blenheim News.
